NARRATIVE

This Survey was requested by Mr. Richard Diamond for the purpose of describing and staking two (2) parcels for sale. The Southeast Corner, South Quarter Corner and the East Quarter Corner of Section 18, were found to be in place and monumented with a brass cap monument. A line bearing South 89°43'46" East (State Plane Grid) between the South Quarter Corner and the Southeast Corner was used as the Basis of Bearings. Mr. Diamond directed us to establish the North line of Parcel 1 to be along the South line of a previously disputed 33.0 foot right-of-way. This right-of-way had been staked by Mr. Kent Arave for Mr. Steven R. Bailey and Mr. Robert Echard. Three of Mr. Araves points were found and used along the South line of the 33.0 foot right-of-way. Corners were monumented as depicted on this Drawing.
