COMMISSIONERS: Kerry W. Gibson, Chair, Jan M. Zogmaister and Matthew G Bell.

OTHERS PRESENT: Ricky D. Hatch, County Clerk/Auditor; David C. Wilson, Deputy County Attorney; and Fátima Fernelius, of the Clerk/Auditor's Office, who took minutes.

B. PLEDGE OF ALLEGIANCE – Jan Wilson

C. THOUGHT OF THE DAY – Chair Gibson

D. PRESENTATIONS:

1. PRESENTATION OF THE COUNTY GOVERNMENT THEME FOR 2014 "CARING FOR THOSE IN NEED WHILE BUILDING A BETTER QUALITY OF LIFE."

Commissioner Zogmaister noted that the National Association of Counties began County Government Week in 1991 to inform citizens about county government. Weber County elected county officials are visiting fourth graders this week to educate them about this topic and find it very rewarding. An informative pamphlet is sent home with each student.

2. PRESENTATION OF THE "CRYSTAL BOWL AWARDS" TO RECOGNIZE A CITIZEN AND A GROUP THAT HAVE MADE SIGNIFICANT CONTRIBUTIONS IN WEBER COUNTY.

Commissioner Zogmaister stated that it was an easy task to find citizens to recognize this year. The 100% crystal bowls resonate and represent the ability of citizens to enhance and amplify the quality of life in our community. The commissioners said that the RAMP organization was selected because of their great success throughout our community, and the individual selected was Armani McFarland, a 10-year old who heard about a need in the community and went above and beyond in her response to it. Ms. McFarland outlined various drives that she has conducted. Meg Nesbitt, RAMP Chair, noted what a great organization RAMP is. She has been observing how much progress has taken place in the last 10 years, and stated that it has enhanced so many peoples lives in Weber County.

3. PRESENTATION OF THE STATE OF THE COUNTY.

Chair Gibson declared that the state of Weber County is strong and continues to get better. The county has become a premier location in the intermountain west to live and do business. He spoke of our diverse landscape, the vast recreation and economic opportunities to live, work and play in Weber County, where nearly ¼ million people live. The county is very proud of its local businesses and their success and the success of bringing job creators into our community. He highlighted local companies that have created many jobs and brought much economic growth to our community. The county is working on enhance infrastructure to the west to ensure these businesses can succeed.

The economy is still improving after a serious recession and the county unemployment rate has dropped from 5.7% to about 4.5%, compared nationally to over 7%. The Commission will continue to work with all of its economic partners and expects strong economic growth in the future. As executives, they have worked hard to be fiscally responsible and have maintained a flat general fund budget since the 2008 economic decline. All county taxpayers received between \$10-\$18 property tax decreases a little over a year ago as part of the Sheriff's Office realigning costs of services to cities. The county has healthy fund balances that exceed the industry's standards and has received a AAA bond rating (one of only 7 counties west of the Mississippi), which has allowed the county to issue and refinance bonds at much lower rates and saving taxpayers millions of dollars over the lives of the bonds.

Chair Gibson noted the newly expanded Weber County Ice Sheet and the new library projects, stating that spending for the latter will not go unchecked. Research has begun for a public shooting range. He expressed thanks to the Church of Jesus Christ of Latter Day Saints for their continued dedication to the success of our community. There are many great things happening in the county and none could happen without great public servants, who have continually been asked to do more with less. The elected officials are continually being recognized as leaders among leaders and have been honored as Assessor of the Year, Treasurer of the Year, Clerk of the Year and Recorder of the Year. The Sheriff's Office continues to be sought after as a model for law enforcement agencies throughout the State and the County Attorney's Office has had great success in protecting the citizens. Chair Gibson recognized the two commissioners who have the best interest of the citizens at heart. He referred to the courageous actions of Sgt. Nate Hutchinson who took bullets to aid a downed comrade and to daily acts of service and heroism.
