

be $0^{\circ}-07'45''$ see notes
Calculated this angle & found it to
Thursday AM.

found it to be 2080
on tangent west to Co Mt # 7
Measured the distance from point
angle left & west $0^{\circ}-07'$

P.S. on Point just set on tangent
thence Inst in same position

Mt # 7

B33

point on tangent opposite Co

Co Mt # 1 double centered & set
Inst over Co Mt # 4 B.S. on

Fall and abandoned on a/o bad marked
Washington Avenue tried last

Retracing the Center of North
Wednesday Night April 30th/90

Note. This figures out
 $0^{\circ}-7'+5\frac{1}{4}''$
