

I then set off like distances
on Quincy Ave. by measuring
from monuments as follows-

- 25th N. 0.39 from hole in monument
- 26th S. 0.15 " " " "
- 27th N. 0.29 " " " "
- 28th N. 0.48 " " " "

Then transit at Hub at distance of
28th + Hornum + Sight 0.48 north
of Quincy Mon. I line in ^{1 1/2 x 1 1/2 x 1 1/2} hub
at Van Buren between hubs previously
set for line of Van Buren Ave

This hub connects with other joints

Then transit at last hub set
sight as before - I set
2 x 2 x 15 hub for distance
of Jackson between hubs
previously set.

Connecting other joints as follows.

as follows:
