

Measurement of Water in Taylor Cañon Wednesday Nov. 24 - 1897

Built dam, <sup>situated</sup> at lower end of pipe line  
and about on line with 25<sup>th</sup> street.

Divided the water into two equal parts  
and measured one of them in barrel.

Date	Barrel cu. ft.	Time	Total in Stream cu. ft. per sec.
1897 Nov. 24	4.78	20	4.78

.034 in spring at lime kiln
