Through Mr. G. E. Meyer, Division Engineer

Dear Mr. Burton:

We approve, effective this date, the addition of a spur to Federal-aid Primary Route 1, and revisions in designation of two spurs by deletion from Federal-aid Primary Route 32 and addition to Federal-aid Primary Route 1, all spurs in Salt Lake City. Descriptions of Routes 1 and 32 as revised by this action are listed on the attached sheets.

This approval results in an increase of 0.6 mile in the primary system within established urban areas. Primary system revisions to date in 1961 have increased rural chargeable mileage 2.7 miles, urban area mileage 5.6 miles, and Federal reservation mileage 0.1 mile.

Sincerely yours,

Due to new highway construction in the city of Perry, it is recommended the relocation of State Route 1 be made to conform with the alignment of the new construction.

Resolution

Be it resolved that the location of State Route 1 in the city of Perry be revised as an interim designation, subject to approval of the legislature, to conform to the alignment of the new construction and that the portion of old highway not being used be declared surplus and abandoned to the city of Perry as indicated in attached Quit Claim Deed.

The change in mileage due to the realignment was recorded at a previous date.

 Deletion from State Road System

Date Submitted:  
 Date Approved: August 14, 1961

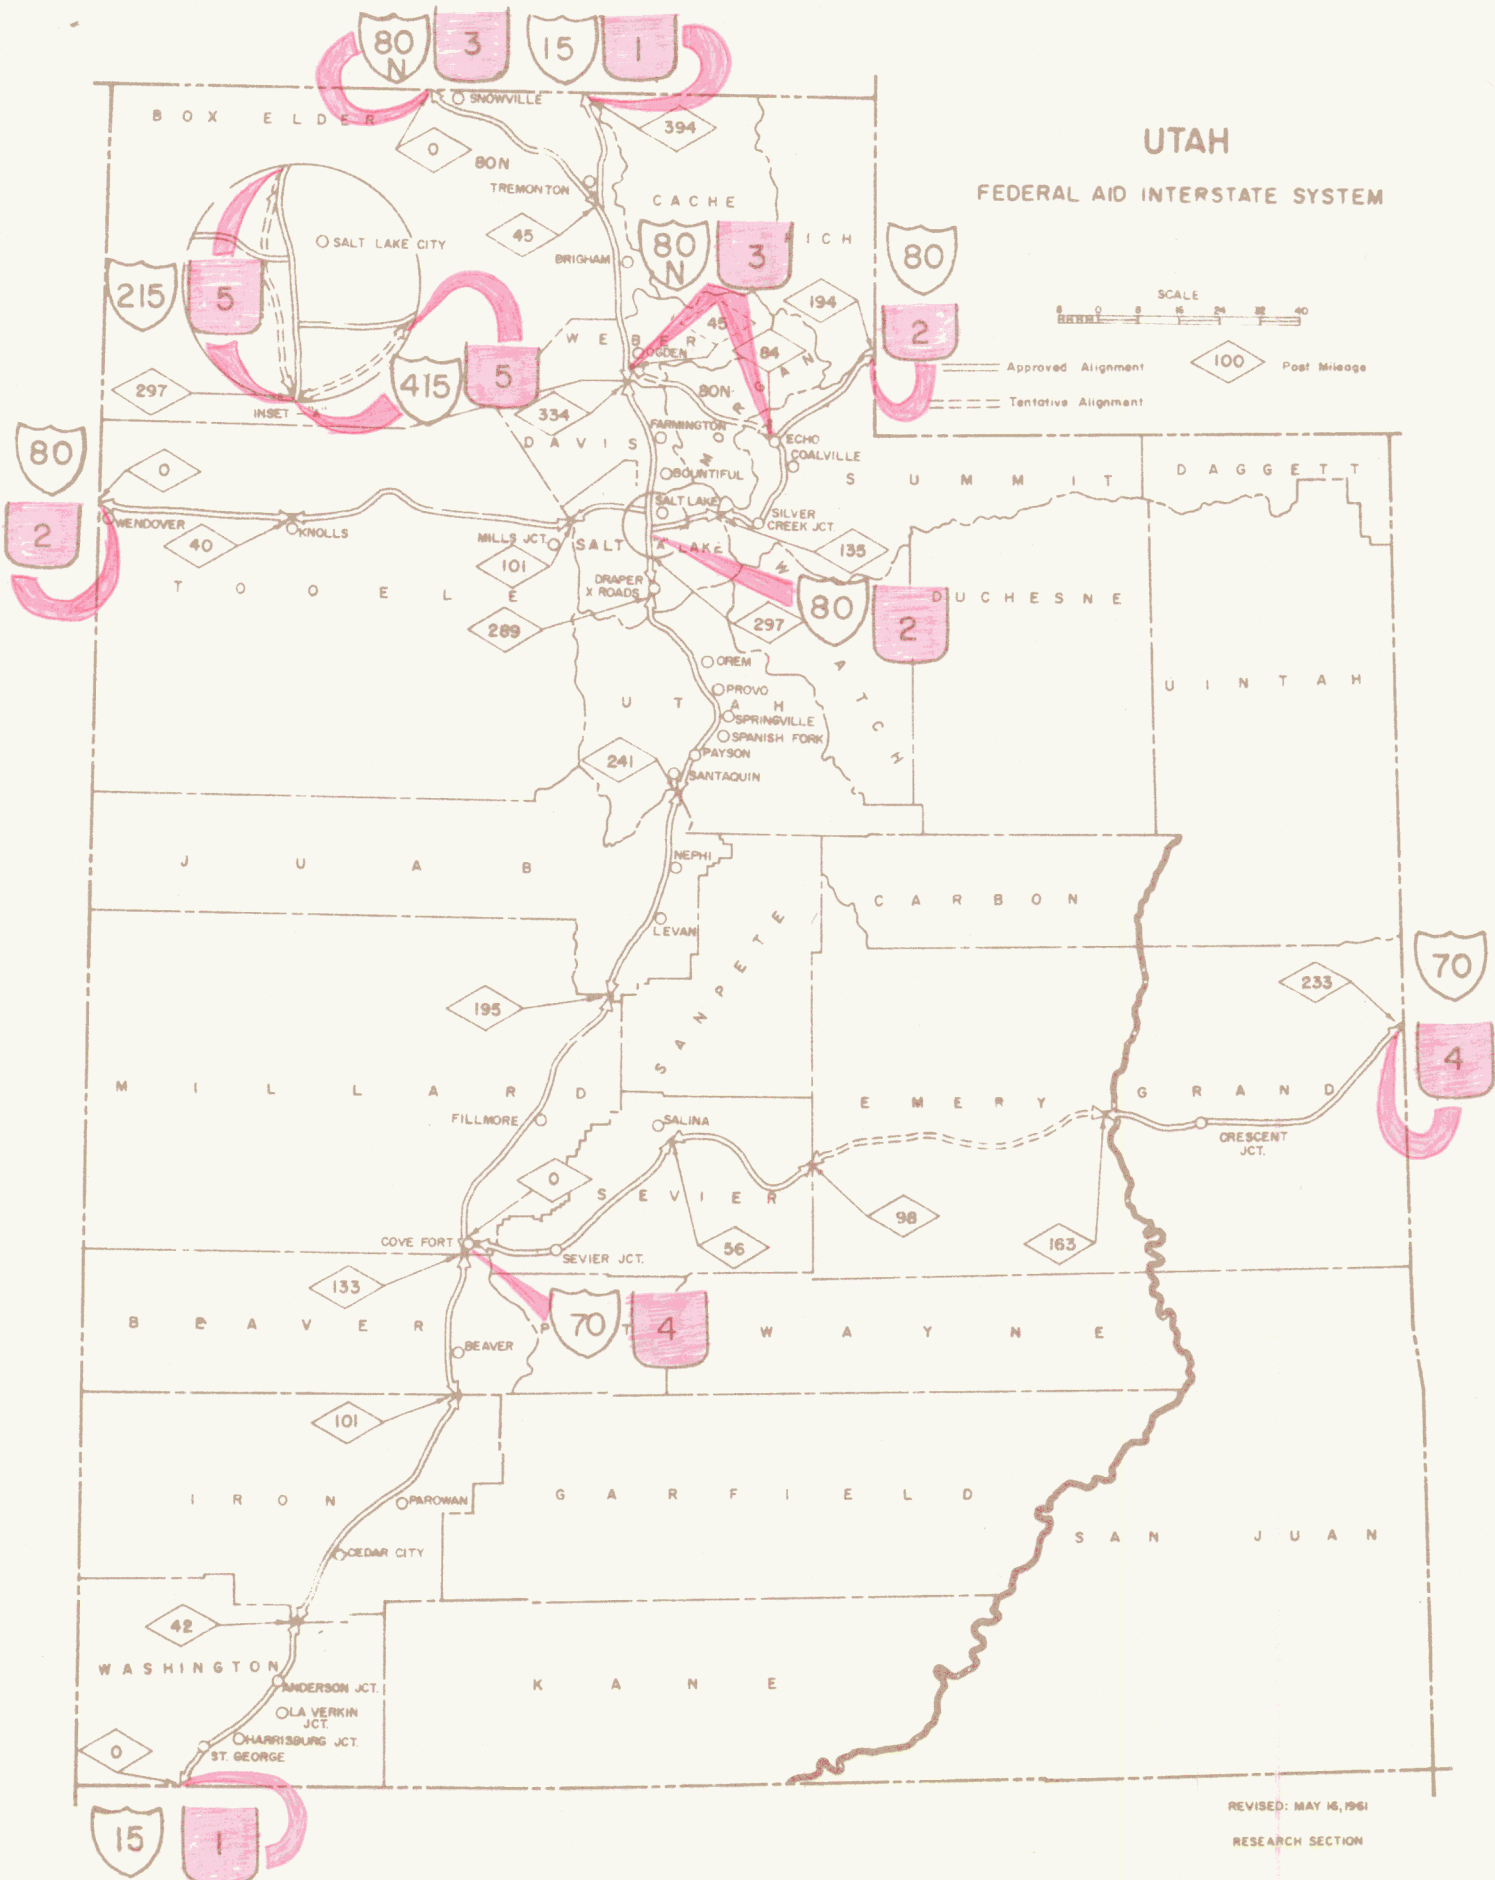

BE IT RESOLVED by the Utah State Road Commission that there be assigned as an interim designation the following State Route Statutory Numbers as sections of the Interstate System are taken over for maintenance and that these State Routes be described as follows:

- State Route  
(1) From the Utah-Arizona State Line near St. George through or near Provo, Salt Lake City, Ogden and Tremonton to the Utah-Idaho State Line south of Malad, Idaho.
- State Route  
(2) From the Utah-Nevada State Line at or near Wendover through or near Salt Lake City, to the Utah-Wyoming State Line southwest of Evanston, Wyoming.
- State Route  
(3) From the Utah-Idaho State Line near Snowville to a point on Interstate Route No. 15 near Elwood. Thence from another point on Federal-aid Interstate Route No. 15 near Roy to Federal-aid Interstate Route No. 80 near Echo.
- State Route  
(4) From Federal-aid Interstate Route No. 15 at Cove Fort through or near Richfield, Salina and Green River to the Utah-Colorado State Line west of Grand Junction, Colorado.
- State Route  
(5) From a junction with Interstate Route No. 80 near the mouth of Parleys Canyon southeast of Salt Lake City, southwesterly near the south city limits of Murray, junctioning with Interstate Route No. 15 thence northwesterly, northerly and easterly to a junction with Interstate Route No. 15 north of Salt Lake City.

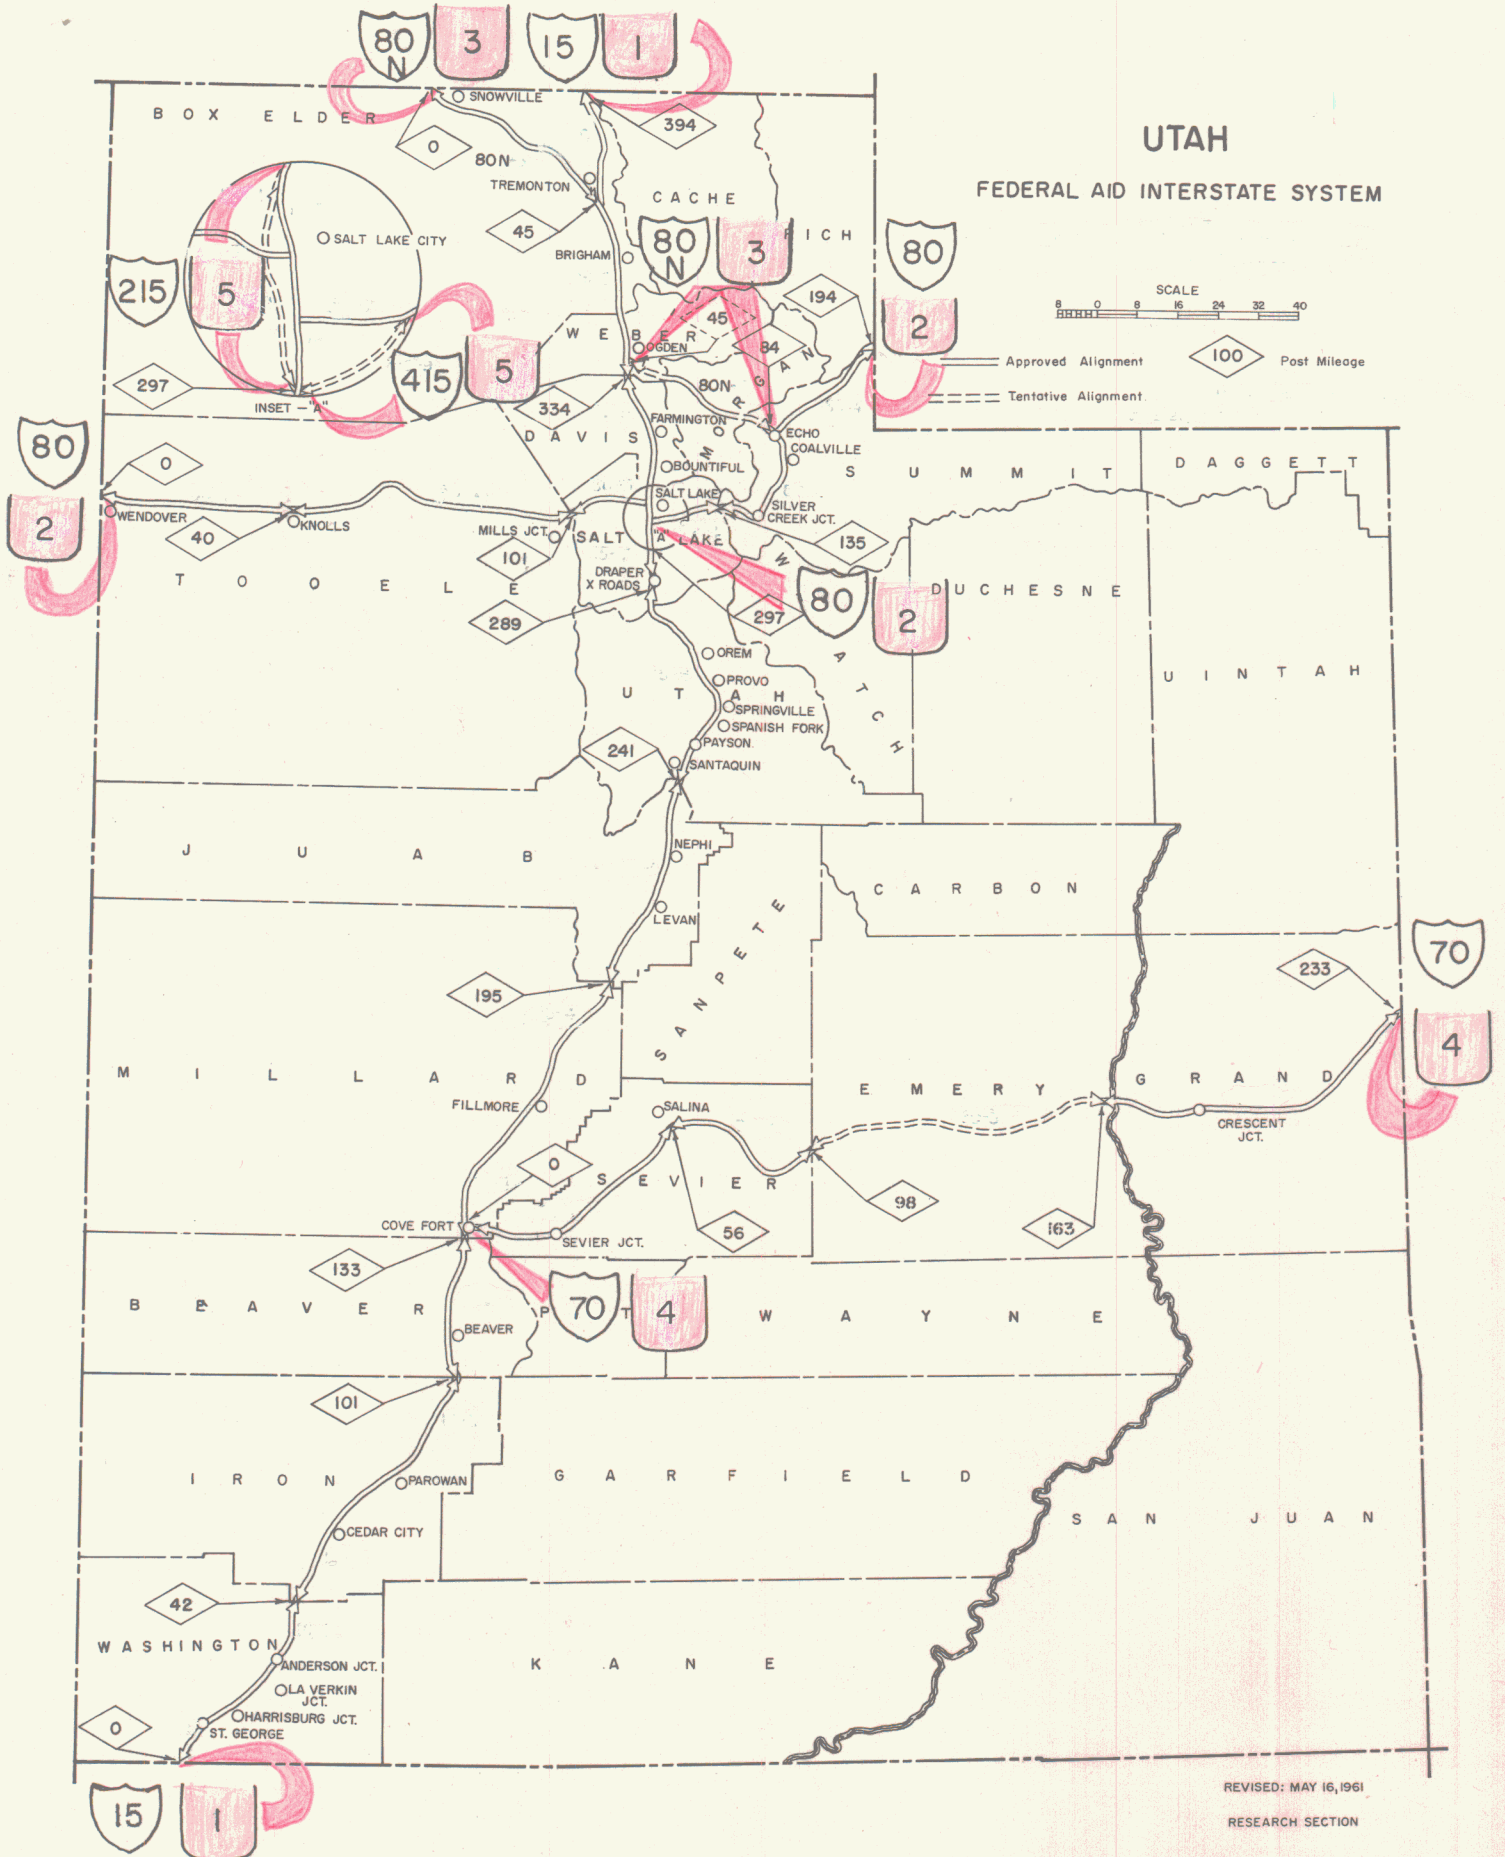

AND BE IT FURTHER RESOLVED that the routes requiring a re-designation of number will be made in accordance with the statewide numbering plan.

RECOMMENDED CHANGE IN STATE  
ROAD SYSTEM

State Route 1 and 169

WHEREAS:

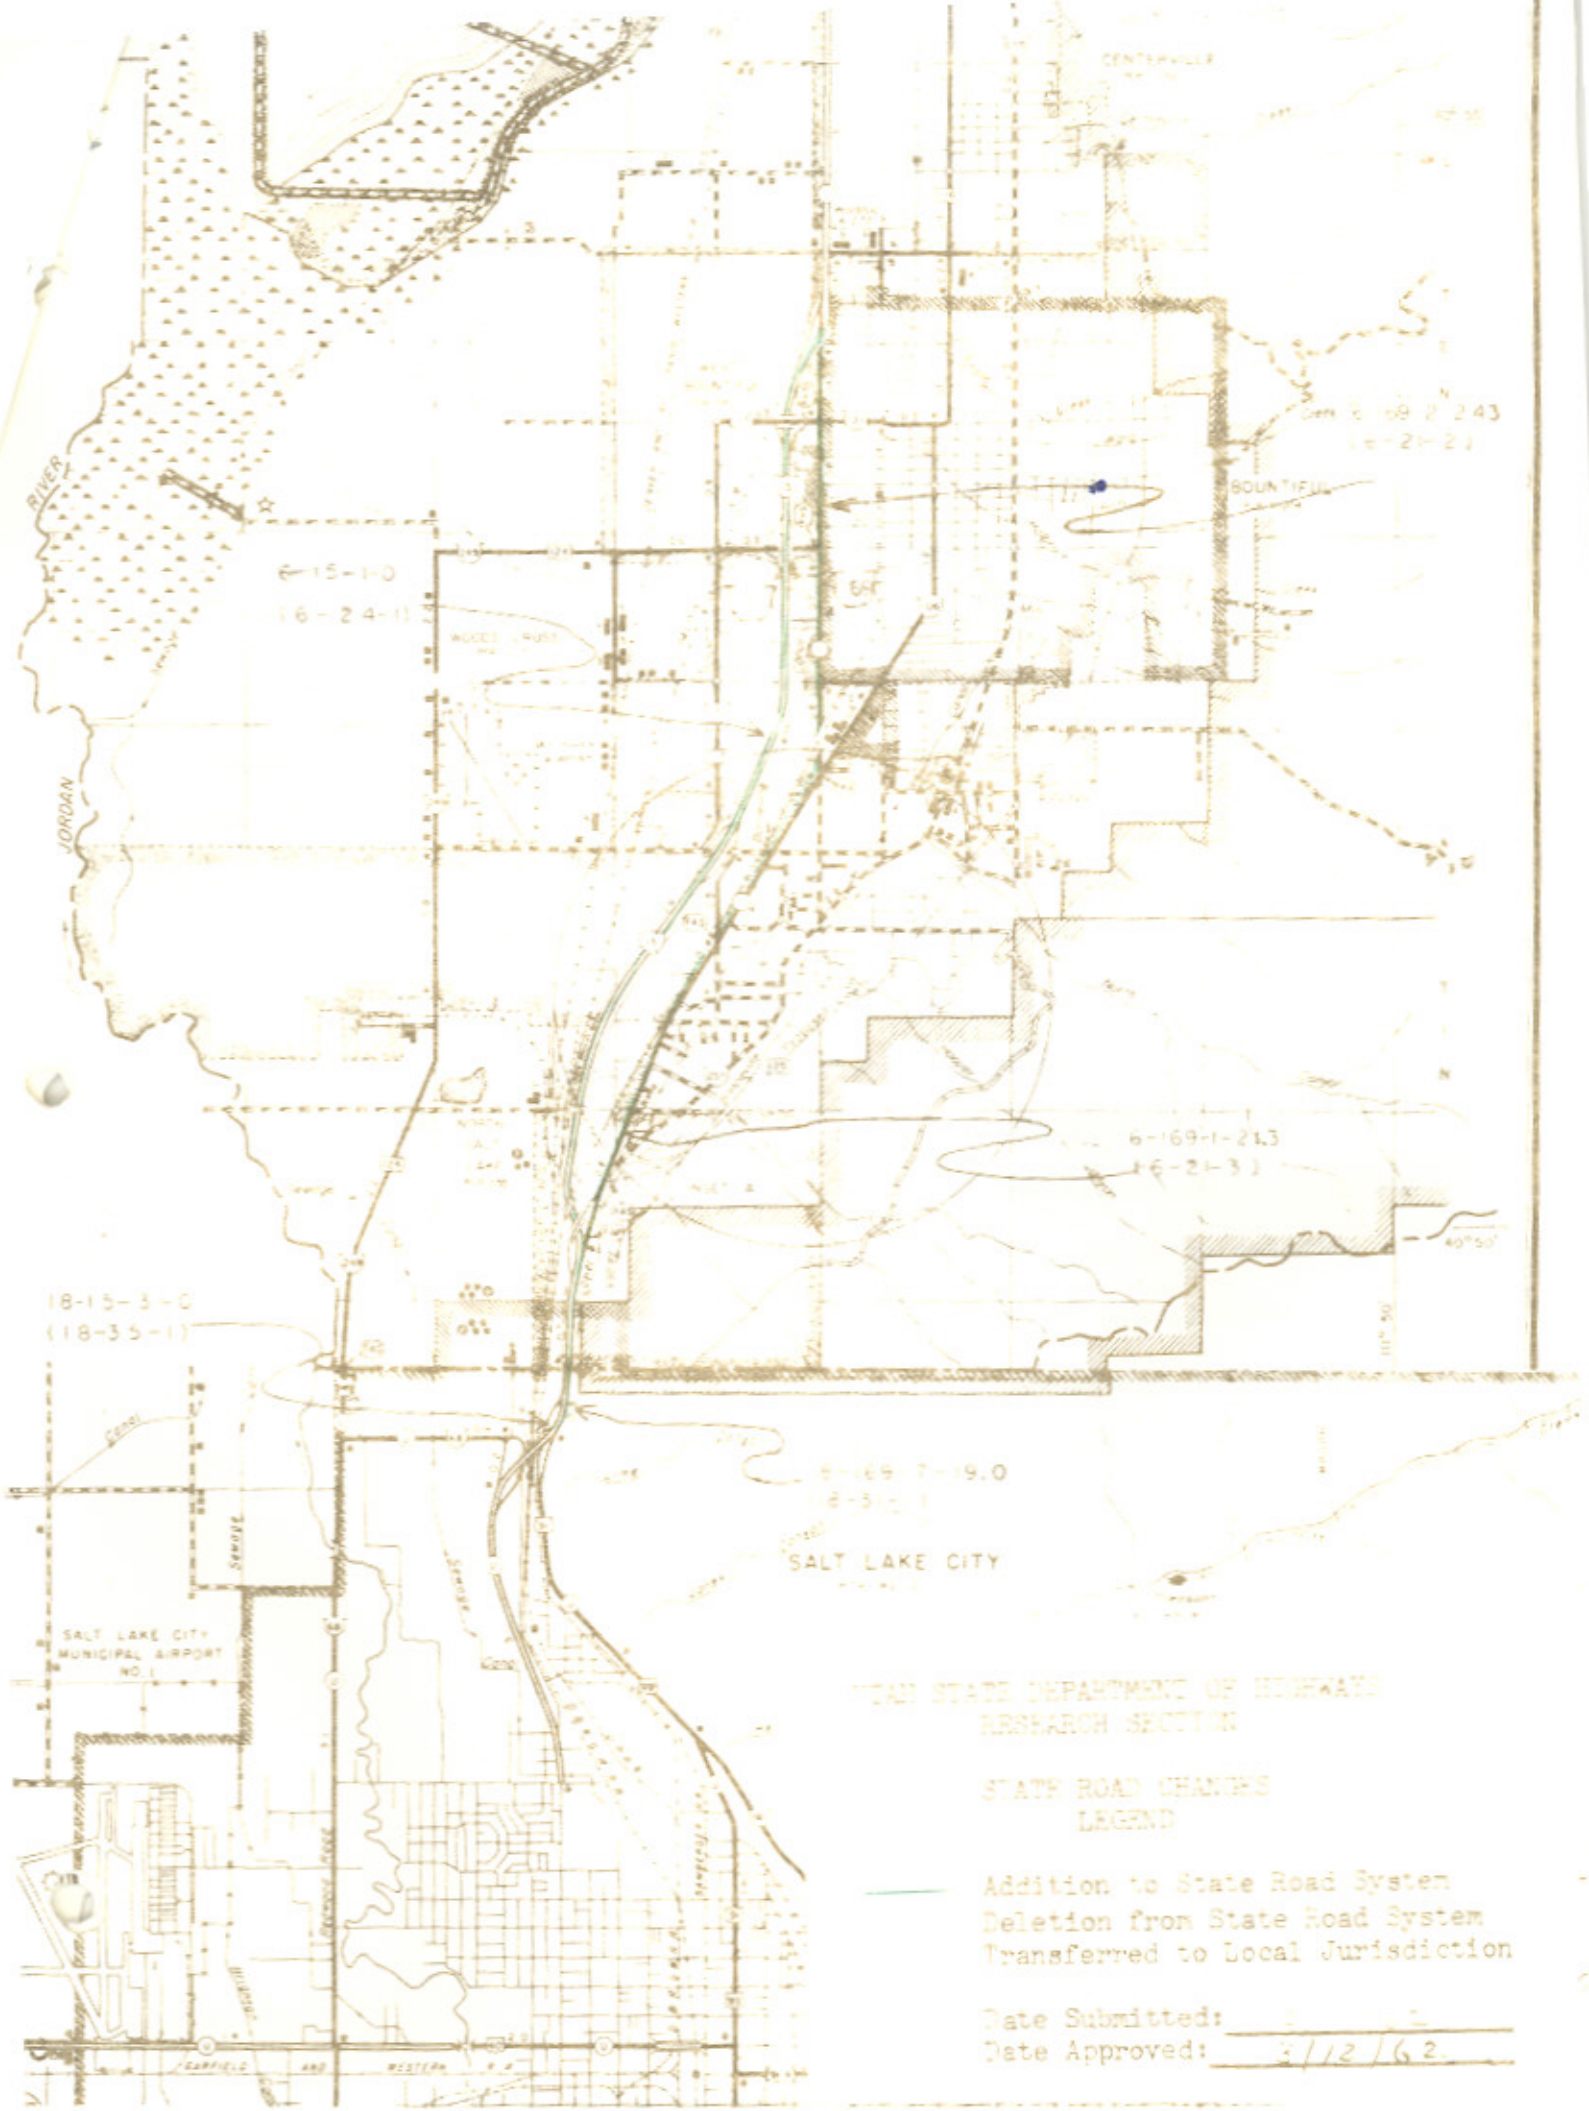

The completion of a portion of Interstate Route 15 from a point near Becks Interchange northerly to a point near the Bountiful north city limits has created a section of highway without a state route designation.

To maintain continuity in the State Road System it is deemed necessary that State Route 1 be revised as an interim designation to follow the new alignment on new location, that portion of Interstate Route 15 from Becks Interchange to Bountiful north city limits and the old location of State Route 1 between these same points be designated as State Route 169.

THEREFORE, BE IT RESOLVED, that the location of State Route 1 be revised as an interim designation, subject to the approval of the legislature to follow the new alignment on new location, that portion of Interstate Route 15 from a point near Becks Interchange northerly via Interstate Route 15 to a point near the Bountiful north city limits, and be it also resolved that State Route 169 be added to the State Road System as an interim designation, subject to the approval of the legislature to follow the old location of State Route 1 from a point near Becks Interchange northerly via Bountiful to a point near Bountiful north city limits.

RESOLUTION

State Routes 1 and 58 <sup>card</sup>

WHEREAS, the construction of Interstate Project I-15-2(3)43 in Iron County from near the Washington County line toward Hamilton Fort, a distance of 9.541 miles has resulted in the need to reassign state route designations in this area and,

WHEREAS, the old alignment of State Route 1 will still serve as a public roadway to the town of Kanarrville and,

WHEREAS, to maintain continuity in the State System of Highways and,

WHEREAS, in compliance with the resolution adopted by the Utah State Road Commission on August 20, 1965, designating Interstate Route 15 as State Route 1, as maintenance responsibility is assumed.

NOW THEREFORE, pursuant to the Authority of Section 27-12-29, UCA, 1953, AS AMENDED, it is hereby resolved as follows:

1. That the new alignment created by the construction of Federal-aid Interstate Project I-15-2(3)43 from a point approximately 0.3 mile north of the Washington County line northerly to Hamilton Fort Interchange will be designated as State Route 1.
2. That the old location of State Route 1 from New Harmony Interchange northerly via Kanarrville to Hamilton Fort Interchange be redesignated as State Route 58.
3. That application be made to the U. S. Department of Commerce, Bureau of Public Roads, to relocate Federal-aid Primary Route 1 to traverse the new roadway resulting from the construction of Project I-15-2(3)43, and add the old location of Federal-aid Primary Route 1 to the Federal-aid Secondary System.

DATE: December 5, 1967

TO : Howard B. Lorcham  
Engineer for Planning and Programming

FROM : C. V. Anderson *CVA*  
District Five Engineer

SUBJECT: 1-15-2(7)52 - Hamilton Fort to South Cedar  
Change of Route Designations

Enclosed is a letter from the Iron County Commission concurring in the transfer of a portion of old U.S. 91 to the Iron County "B" System. This portion of old U.S. 91 is from the north Kanarraville interchange northerly through Hamilton Fort to the South Cedar City interchange.

Iron County does not concur in the transfer of old U.S. 91 from the South Cedar City interchange to the Cedar City garbage dump. This portion is presently being maintained by Cedar City and it is my recommendation that this section be dropped to the status of a private road, since its main purpose is to serve the garbage disposal area.

The third section listed in the resolution is a section of frontage road from the Hamilton Fort grade separation southerly on the easterly side of Interstate 15. Iron County is reluctant to accept this section at the present time, so it too should revert to the status of a private access road.

If you concur in this action, would you please have the necessary resolution drawn up and forwarded to the Commission.

Mr. Ivan M. Matheson, Chairman  
Iron County Commission  
Parowan, Utah 84761

Dear Mr. Matheson:

Subject: Transfer to a new alignment, a portion of State Route 1, deletion of various frontage and access roads from State responsibility and transfer of various frontage roads to local jurisdiction in Iron County

Effective January 23, 1968, the State Road Commission adopted a resolution transferring a portion of State Route 1 from a point near Hamilton Fort northerly to South Cedar City, to the new alignment of Federal-aid Interstate Route 15. Various portions of the old alignment of State Route 1 and State constructed access roads will serve as public roads and are transferred to the jurisdiction of Iron County. This action increases Iron County "B" mileage 6.8 + - miles.

Also effective this date the State Road Commission adopted another resolution deleting from State responsibility a portion of the old alignment of State Route 1 and also frontage and access roads constructed to provide access to private property.

Transmitted are copies of the resolutions and location maps.

Very truly yours,

B. Dale Burningham

WHEREAS, to enable the programming of Interstate Construction Projects between Summit and north of Paragonah, with the proper State Route and Federal-aid Route designation and,

WHEREAS, to maintain continuity in the State System of Highways, it is necessary to redesignate a portion of State Route 1, from a point near Summit to a point north of Paragonah and,

WHEREAS, it has been recommended by Mr. C. V. Anderson, District Engineer, that the old alignment of State Route 1 be retained as part of the State System of Highways, and that State Route 143 be extended from its present termini in Parowan north to the Parowan Interchange and,

WHEREAS, the extension of State Route 143 is concurred in by the Parowan City Council and,

WHEREAS, in compliance with the resolution adopted by the Utah State Road Commission on August 20, 1962, designating Interstate Route 15 as State Route 1, as maintenance responsibility is assumed.

NOW THEREFORE, pursuant to the Authority of Section 27-12-27, UCA, 1953, As Amended, it is hereby resolved as follows:

1. That the new alignment to be created by the construction of Interstate Route 15, from a point west of Summit northeasterly to a point north of Paragonah, a distance of 12.5 + - miles, will be designated as a part of State Route 1.

2. That State Route 143 be extended from its present termini in Parowan north via Main Street in Parowan to the Parowan Interchange, a distance of 1.1 + - miles.

Dear Mr. Matheson:

Subject: Transfer to a new alignment portions of SR-1 to the new alignment of I-15 from Summit to Paragonah, Iron County

Effective May 10, 1968, the State Road Commission adopted a resolution transferring that portion of SR-1 from Summit via Parowan to the I-15 Interchange north of Paragonah to the new alignment of Interstate 15.

That the old alignment of SR-1 from Summit to SR-143 in Parowan be redesignated SR-38 and SR-143 be extended northerly 1.1 + - miles to the Parowan Interchange. That the old alignment of SR-1 from SR-143 in Parowan via Paragonah Interchange be redesignated SR-76.

By this action State Highway mileage will be increased 13.3 + - miles, Federal-aid Primary System mileage will decrease 0.8 + - mile, and Federal-aid Secondary mileage will increase 1.1 + - miles.

Attached is a copy of the resolution and a location map.

Dear Mr. Anderson:

Parowan City Council concurs with the recommendations made by the State Highway Department in regards to extending Highway U-143 from its present termini in Parowan, to a point of intersection with Interstate Highway 15 when it is completed through Parowan Valley.

The City Council discussed this extension in our meeting of November 13, 1967, and are in agreement that we should give your office our full cooperation in this matter.

SUBJECT: State Route and Federal-aid Designations in vicinity  
of Parowan

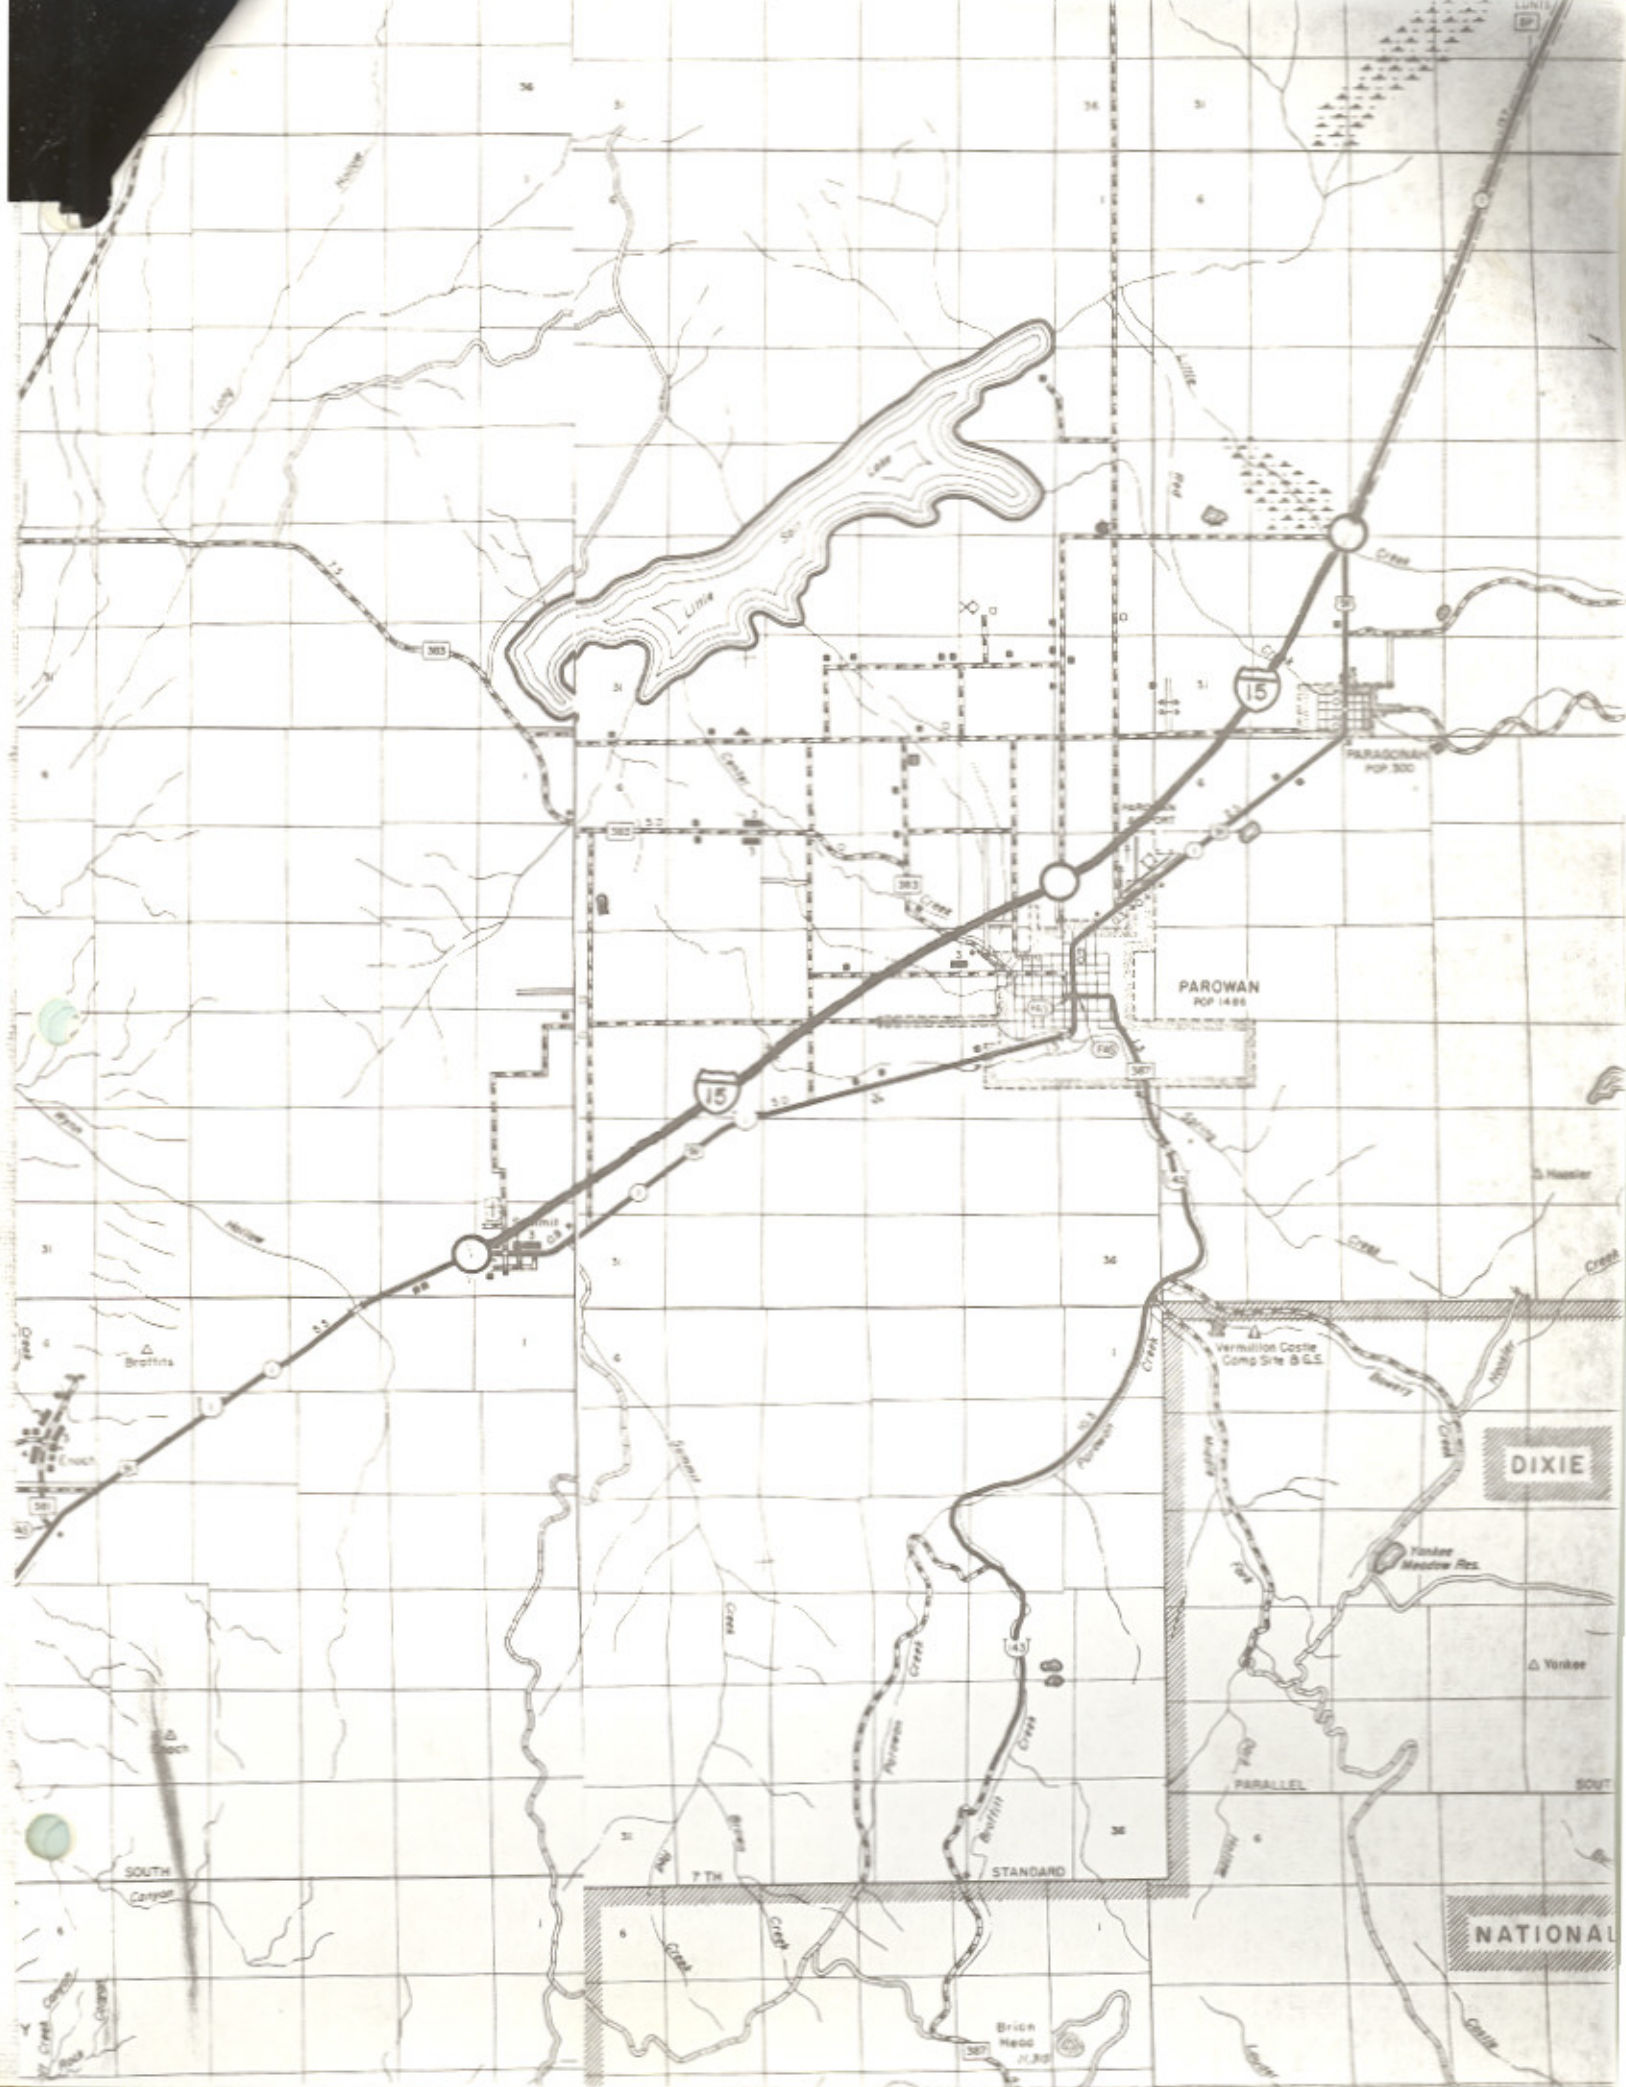

To enable the programming of a connection with I-15, north of Parowan, it is necessary to receive from you, your recommendations documented by letters of concurrence from the local governing agencies.

It has been recommended that State Route 143 be extended from its present termini in Parowan, north traversing a portion of State Route 1 to the Parowan Interchange, with the Federal-aid Secondary Route 387 being extended to traverse this same routing.

By legislative action during the 1967 Legislature, the State Route Statutory designation of 1 is transferred to the alignment of I-15 upon a completion of any segment of this route when it is opened for public use, therefore the disposition of that portion of the old alignment from the Summit Interchange to the Paragonah Interchange should be determined prior to the opening of the Interstate Route between these two points.

We would like to receive your recommendations for presentation to staff at your earliest convenience.

SUBJECT: State Route and Federal-Aid Designations in the  
Vicinity of Parowan

Enclosed is a letter from the Parowan City Corporation concurring in the recommendation that SR-143 be extended to the north Parowan interchange, with F.A.S. route 387 being extended to traverse this same route.

It is my recommendation that all of old SR-1 from the north Cedar City interchange to the north Paragonah interchange revert to local jurisdiction upon completion of I-15. The Iron County Commission will probably not agree with this recommendation, since they feel that Parowan should have an additional interchange on the south side of the city.

Transfer of these sections is not critical at the present time, so it is probably better to request concurrence from the Iron County Commission when needed.

FROM : W. L. Anderson, Chief Planning and Programming Engineer

SUBJECT: S-0387(4) Parowan Connection

Approximately .4 mile of approach road will be required to connect present road to interchange with I-15 at Parowan.

This will require the addition of this section to the State Road System and Federal Secondary System.

It is suggested the FAS 387 from Parowan Canyon be extended to the interchange and also follow the present US 91 from Parowan through Paragonah to interchange at North Paragonah.

The present US 91 from Parowan to Summit should be abandoned as State road and revert to County.

Dear Mayor Orton:

Subject: Transfer to a new alignment portions of SR-1 to the new  
alignment of I-15 from Summit to Paragonah, Iron County

Effective May 10, 1968, the State Road Commission adopted a  
resolution transferring that portion of SR-1 from Summit via Parowan  
to the I-15 Interchange north of Paragonah to the new alignment of  
Interstate 15.

That the old alignment of SR-1 from Summit to SR-143 in Parowan

and addition of State Route 163 in Juab County

Effective January 23, 1968, the State Road Commission adopted a resolution transferring a portion of State Route 1, to the proposed alignment of Federal-aid Interstate Route 15, from the Levan West Interchange northerly to the Nephi North Interchange, a distance of 14.0 + - miles.

By this action State Route 28 was extended from its present terminus in Levan, northerly via the former alignment of State Route 1 to the first interchange north of Levan, a distance of 6.0 + - miles.

That portion of Former State Route 1 from the Nephi South Interchange northerly to the Nephi North Interchange was redesignated as State Route 41, a distance of 6.0 + - miles. And a distance of 1.7 + - mile from the first interchange north of Levan to a junction with State Route 41 is transferred to local jurisdiction at such time as the new routes are completed and open to traffic.

State Route 1

Relinquishment of State Constructed Access Roads

WHEREAS, the construction of Interstate Project I-15-3(4)106 from south of Beaver to the north Beaver interchange in Beaver County has resulted in the construction on new alignment sections of new roadway and frontage roads, and

WHEREAS, the old alignment of State Route 1 will serve as a public road though not justified as part of the State System of Highways, and

WHEREAS, the frontage roads were constructed to provide access to existing roads and farms, and

WHEREAS, it has been recommended by Mr. C. V. Anderson, District Engineer, and concurred in by the Beaver County Commission that the old alignment of State Route 1 from the no access line on Interstate Route 15 (State Route 1) south of Beaver northerly to a junction with State Route 160 at the Beaver south interchange and the frontage roads constructed as a part of this project be transferred to the jurisdiction of Beaver County.

NOW THEREFORE, pursuant to the Authority of Section 27-12-27, UCA, 1953, As Amended, it is hereby resolved as follows:

That the portion of highway constructed on new alignment from engineers station 283+06 N.B.L. to 569+00 S.B.L. on Project I-15-3(4)106 be designated as a part of State Route 1.

That the old alignment of State Route ② from the no access line on Interstate Route 15 (State Route 1) south of Beaver northerly to a junction with State Route 160 at the Beaver south interchange be transferred to the jurisdiction of Beaver County.

That the Utah State Road Commission relinquishes and conveys the frontage roads constructed as a part of Project I-15-3(4)106 to Beaver County for use as public

highways, subject to the following conditions:

- a. That the Beaver County may not abandon these roads as public roads without prior approval of the Utah State Road Commission and the Bureau of Public Roads.
- b. That should it be found at any time that any part of the facilities relinquished are required for the safe and proper operation of the Federal-aid Highway, the facilities will revert to the State Road Commission without cost.

That by this action Beaver County "B" System mileage will increase 7.2 + - miles.

That the letter from the Beaver County Commission and the memorandum from Mr. C. V. Anderson, pertaining to the disposition of the subject roads be hereby incorporated as a part of this submission.

That the map attached illustrating the action taken herewith be hereby incorporated as a part of this submission.

That the relinquishment and conveyance of these frontage roads become effective upon the approval of the Bureau of Public Roads indicating concurrence in the aforementioned relinquishment and conveyance of roads in accordance with Policy and Procedure Memorandum 80-5.

SUBJECT: Transfer and Redesignation of State Route 1 in Beaver County

Attached is a copy of a letter to the Beaver County Commission asking their concurrence in the transfer of a portion of old State Route 1 to the Beaver County "B" System.

I have not received this letter of concurrence from them, but I am certain that it is forthcoming.

It is my recommendation that the transfer as outlined in this letter be forwarded to the State Road Commission for their action.

It is also recommended, that the section of old State Route 1 from the South Beaver Interchange to the North Beaver Interchange be given primary status on the State Road System. It would be well if this section were made a part of State Route 21.

I will forward the letter of concurrence from Beaver County to you as soon as I receive it.

Gentlemen:

Pursuant to the authority of Section 27-12-27, U.C.A., 1953 as amended, it is hereby requested that the Iron County Commission concur in the transfer of 14.7 miles of public road to the Iron County "B" system. This mileage consists of portions of old U.S. 91 and frontage roads constructed in conjunction with Project I-15-2(5)61.

Sections to be transferred are as follows:

1. Frontage road from the North Cedar City Interchange to the Summit Interchange which is approximately 6.9 miles long.
2. Old U.S. 91 from its' junction with U-130 northerly to the Summit Interchange which is approximately 7.8 miles long.

The State draws maintenance funds on I-15, but cannot obtain money on the mileage in question.

In the event that snow removal cannot be accomplished by the County, a cooperative agreement can be entered into whereby the State can remove the snow on a reimbursable basis.

Your early attention to this request will be appreciated as the State Road Commission should offically act on this redesignation by July 1, 1970.

Sincerely,

Your request of May 21, 1971 to extend FAS 274 to the new location of the Mona Interchange as approved in our letter of August 3, 1970 on Projects I-15-5(1)207 and I-15-6(18)241 is approved.

The letter from Juab County and the "Request for FAS system revision" from Juab County and Mona City are accepted as evidence of the local cooperation required by Section 103c of Title 23 U.S. Code.

This fourth secondary system action of the year increases the secondary system by 1.1 miles for a total increase of 4.1 miles since January 1, 1971.

We also approve the relocation of FAP Route 1 to coincide with the location of Interstate Route 15 from the North Nephi Interchange to the Utah-Juab County line and the transfer of the old road to local jurisdiction upon completion of the Interstate route in the area. This action will decrease the Federal-aid primary mileage by 0.2+ miles and increase the Juab County "B" mileage by 10.8+ miles and the Mona City "C" mileage by 0.8+ miles.

We are returning one copy of the approved description for FAS Route 274 and one copy of the map which we have revised to eliminate the North Mona Interchange in accordance with our letter of August 3, 1970.

Mr. Alton S. Gadd, Chairman  
Juab County Commission  
Juab County Courthouse  
Nephi, Utah 84648

Dear Mr. Gadd:

Subject: Addition of State Route 54, Revision of State Route 41,  
Revision of Federal-aid Secondary Route 274 and Relocation  
of Federal-aid Primary Route 1 in Mona City and Juab County

Effective May 14, 1971, the Utah State Road Commission adopted a resolution to add to the State System of Highways State Route 54, and the revision of State Route 41. State Route 54 will begin from a point on the old alignment of State Route 1 (US-91) in Mona easterly to the on and off ramps on the east side of the Mona interchange. Upon completion of the Interstate route within this area, State Route 41 from the Nephi north interchange north to the Utah-Juab County line will be transferred to the jurisdiction of Mona City and Juab County.

On June 18, 1971, the Federal Highway Administration approved the relocation of Federal-aid Primary Route 1 from the old alignment on US-91 to the new proposed alignment of Interstate Route 15, and the revision of Federal-aid Secondary Route 274 from its present termini easterly to the on and off ramps on the east side of the Mona interchange.

Attached is a copy of the resolution, description sheet and location map.

Very truly yours,

RESOLUTION

State Route 41

Federal-aid Primary Route 1

Relinquishment of State Constructed Frontage and Access Roads

WHEREAS, the completion of Projects I-15-5(3)228 and I-15-6(18)241 has resulted in the construction on new alignment a section of Interstate Route 15 from a point at the North Mona Interchange in Utah County southerly 3.5 + - miles, and

WHEREAS, the completion of these projects have resulted in the construction of access and frontage roads within this area, and

WHEREAS, the portion of State Route 41 within this area will no longer be used as Traveled Way for Interstate Route 15.

NOW THEREFORE, pursuant to the Authority of Section 27-12-29, UCA, 1953, as amended, it is hereby resolved as follows:

That the Utah State Road Commission relinquishes and conveys the frontage and access roads to Utah County for use as public highways as follows:

<u>Road Designation</u>	<u>Engineer Station or Location</u>	<u>Length</u>
East Frontage Road	0+00 to 26+39	0.50
West Frontage Road	113+71 to 167+00	1.00

That the Utah State Road Commission relinquishes and conveys that portion of State Route 41, used as Interstate Traveled Way, from the Utah-Juab County line southerly to the temporary connection in Juab County, a distance of 2.30 + - miles to Juab County,

That the portion of highway constructed as a part of Interstate Projects I-15-5(3)228 and I-15-6(18)241 be designated as part of Federal-aid Primary Route 1,

RESOLUTION

JAN 31 10 38 AM '74

Reference is made to Mr. Jester's January 3, 1974, memorandum on the above subject.

This office concurs in the relinquishment of the subject frontage and access roads. We also concur with the relinquishment and conveyance to Juab County of that portion of State Route 41, used as Interstate Traveled Way, from the Utah-Juab County line southerly to the temporary connection in Juab County and the designation as Federal-aid Primary Route 1 those portions of highway constructed as part of Interstate Projects I-15-5(3)228 and I-15-6(18)241.

The resolution of the State Road Commission of Utah setting forth the conditions of the relinquishment is accepted as evidence for meeting the requirements of PPM 80-6.1. As stated in our March 7, 1973, memorandum, PPM 80-5, referenced in the resolution, has been superseded by PPM 80-6.1.

It would be appreciated if your office would include the date of the relinquishment on future maps as required by paragraph 3c(1) of PPM 80-6.1.

SUBJECT: Transfer of Roadways Bypassed by New Construction

Will you provide for the transfer of new frontage roads and bypassed existing roads in South Utah and North Juab counties. These resulted from construction on interstate project I-15-5(3)228, I-15-6(18)241 from 2 miles south of Juab-Utah County line to South Santaquin.

Two roads are in Utah County:

A frontage road on the westerly side of I-15 beginning at the Juab County line on existing U.S. 91 and extending northerly on the existing alignment to P.T. Station 113+70.97 then extending northerly on a new constructed roadway to Station 167+00 on existing Utah County Collector Road No. 131. This road is approximately 1.20 miles long.

A frontage road on the easterly side of the I-15 South Santaquin interchange beginning at Station 0+00 at a point 902 ft. south of the interchange crossroad and extending northerly to station 26+39. This road connects to existing roads which are probably on the Utah County system.

In Juab County the existing road (U.S. 91) from the Utah County line extending southerly 2.37 miles has been bypassed and is to be transferred to Juab County.

Copies of letters from Utah and Juab County officials are attached.

Reference is made to Mr. L. R. Jester's July 30, 1974, memorandum on system revisions in Washington and Weber Counties. This memorandum covers the revisions in Washington County.

The relinquishment to local jurisdictions of old FAP 1, from the Arizona State line to St. George (resulting from the relocation of FAP 1 to the newly constructed I-15) is approved subject to the conditions of Volume 7, Chapter 4, Section 5 of the Federal-Aid Highway Program Manual (PPM 80-6.1). The letter from the Washington County Commission is accepted as evidence for meeting the requirement of concurrence by local governmental agencies. As requested on several occasions in the past, maps accompanying requests for relinquishment shall include Federal-aid project numbers (if applicable) and the date of relinquishment (paragraph 3c(1) of PPM 80-6.1). Please include this information on future requests for relinquishment.

The designation of Federal-Aid Urban Route 4002 in the St. George urban area is not approved. The requirements set forth in Section 109 of the Federal-Aid Highway Act of 1973 have not been met.

The extension of FAS 416, from its present terminus at Shivwits southeasterly coincident with Collector Road 7 to the west urban limits of St. George, is approved contingent upon final approval by this office of the above urban system action.

The extension of FAP 43 southerly, coincident with the newly designated SR 18, is approved. This office reluctantly approves the stub portion of FAP 43 in St. George. It is our opinion that the use of stubs should be strongly discouraged, particularly as part of the Federal-aid primary system. It is recommended that this particular facility be considered for inclusion in the Federal-aid urban system.

-more-

The deletion of FAS 417 resulting from the previously mentioned system actions is approved.

It is understood that the realignments made by the previously mentioned actions are consistent with the requirements of Section 148 of the Federal-Aid Highway Act of 1973 concerning realignment. This had been discussed with Mr. Dale Burningham of your office.

This action is the fifth primary system action of the year and decreases the primary mileage by 12.2 miles. There has been a decrease of 130.8 miles in the FAP system since January 1, 1974. Also, this is the fifth secondary system action of the year resulting in a net increase in the secondary mileage of 8.9 miles. There has been a decrease of 242.9 miles in the FAS system since January 1, 1974.

Copies of the approved descriptions are attached for your records.

Gentlemen:

We concur in the transfer of that portion of old US-91 as shown in blue on the attached map, to our jurisdiction. This transfer is subject to the State Highway Department performing the maintenance as discussed by Mr. Mansour and the County Commission, from SR-18 to Shivwits. We understand that the mileage will be added to our mileage of roads used to determine our total allocation for Class B Road Funds.

We also recommend that FAS 416 be extended from Shivwits to the Junction with State Road 18 as shown by the dashed orange line on the map. The County would be responsible for that section between Shivwits and the west boundary of Santa Clara Town.

UTAH STATE DEPARTMENT OF HIGHWAYS

DATE: May 22, 1975

TO : Dale B. Burningham  
Chief Research Engineer

FROM : J. W. Homer *quw*  
Plans & Estimates Engineer

SUBJECT: Redesignation, transfer, and Abandonment of Highways  
US-89, North Nephi to Juab-Utah County Line.  
(Transfer to local jurisdiction)

Research of the right-of-way files in compliance with revised Policy & Procedure 07-4 indicate that the portion of the above captioned highway was acquired thru Right of Way Deeds and Prescriptive rights.

In answer to an inquiry of April 14, 1975, we concur with Edwin E. Lovelace, District 6 Engineer, to transfer said portion of US-89 to local jurisdiction.

Attached is the correspondence concerning the above proposal.

If you have any further questions, please advise.

## Memorandum

UTAH STATE DEPARTMENT OF HIGHWAYS

DATE: July 15, 1975

TO : B. Dale Burningham, Chief Research Engineer

FROM : Edwin E. Lovelace, District Director

EEL by A.N.

SUBJECT: Transfer of Bypassed Roadway

The newly constructed section of Interstate 15 between North Nephi and Two Miles south of the Juab, Utah County Line, Project I-15-5(3)228 1st Contract, and S-0274(2) was opened to traffic on July 15, 1975.

It is proposed that the old roadway, S.R. 41 (Temporary I-15) be transferred to Juab County and Mona Town. Agreements signed by the appropriate officials are enclosed. These were effective on June 30, 1975 and were appropriate for execution on that day by the officials of the State Road Commission. There has been some delay in getting the documents to you, but it is believed that they are still appropriate.

The construction also provided a new connection from I-15 to Mona Town. This roadway replaces an existing road which was under the jurisdiction of Mona Town and Juab County. This new road will now be a part of the State Road System.

Will you provide for the transfer of these roadways?

The information available here shows that the section of S.R. 41 (Temp. I-15) within Mona Town is 1.27 miles long. The remaining portion of S.R. 41 which is bypassed and is to be transferred to Juab County is 8.86 Miles long.

The Mona Connection which is <sup>to</sup> be S.R. 54 occupies existing roads. A section 0.30 miles long was in Mona Town. The remaining 0.8 miles was previously a Juab County road.

Relinquishment of State Constructed Frontage and Access Roads AIR

WHEREAS, the construction of Project I-15-2(2)98 will result in the construction of frontage and access roads between fremont Wash and the Beaver County line, in Iron County, and

WHEREAS, the constructed frontage and access roads will serve as public roads though not justified as part of the State System of Highways, and

WHEREAS, it has been recommended by Mr. A. E. Mansour, District #5 Director, and concurred in by the Iron County Commission that these frontage and access roads will be relinquished and conveyed to their jurisdiction, and

WHEREAS, the Agreement pertaining to the disposition of the subject frontage and access roads has been duly executed.

NOW THEREFORE, be it resolved as follows:

That the Utah Department of Transportation will relinquish and convey the frontage and access roads indicated on the map sheet attached to the Agreement in accordance with the conditions outlined in the Agreement,

That the Agreement be hereby incorporated as a part of this submission,

That by this action Iron County "B" mileage will increase 3.1 + - miles,

That this resolution becomes effective upon concurrence by the Federal Highway Administration in the aforementioned relinquishment and conveyance of roads in accordance with the requirements of Volume 6, Chapter 1, Section 1, Sub-Section 8 of the Federal-aid Highway Program Manual.

Gentlemen:

The Route Numbering Committee reviewed the application coming from the Idaho Department of Transportation, and concurred in by the Utah Department of Transportation, for the redesignation of I-80N.

After reviewing the application, together with objections raised by States of Washington and Oregon, the Committee voted to redesignate I-80N as I-84, subject to concurrence by the Federal Highway Administrator, and with the State of Oregon in consultation with the States of Utah and Idaho to make the determination when the sign change would take place; but no later than July 1st, 1980.

This action was reviewed by the Executive Committee at its meeting on July 7th, 1977, and concurred therein.

Sincerely,

RESOLUTION

State Route 1  
State Route 212

WHEREAS, with the near completion of Project I-15-1(15)9 from Middleton to south of Leeds, Washington County and

WHEREAS, to maintain continuity in the State Road System and Federal-aid System and

WHEREAS, a portion of the old alignment of State Route 1 will no longer be justified as a part of the State Highway System but, nevertheless, will still serve as a public road.

NOW, THEREFORE, pursuant to the authority of Section 27-12-29, UCA, 1953, AS AMENDED, it is hereby resolved as follows;

1. That State Route 1 be transferred to the new roadway created by the completion of Project I-15-1(15)9.

2. That State Route 212 be extended from its present termini in Washington Town westerly, traversing a portion of the old alignment of State Route 1, to Washington Interchange.

3. That the old alignment of State Route 1 between Engineers Station 585 + - to 173 + - Project I-15-1(15)9, with the exception of that portion re-designated State Route 212, be transferred to the jurisdiction of Washington County and Washington Town respectively.

4. That application be made to the U. S. Department of Commerce, Bureau of Public Roads to relocate Federal-aid Primary Route 1 and extend Federal-aid Secondary Route 415 as a result of the aforementioned State Route changes.

5. That by this action, State Highway System mileage will be increased

approximately 1.4 miles, Washington County "B" mileage will be increased approximately 6.0 miles and Washington Town "C" mileage will be increased 1.0 mile, at such time as the new alignment is placed in traffic service.

RE: U.D.O.T. Relinquishment of Title on Old US-91 north of Wal-Mart Warehouse Facility, Washington County

Dear Mr. Carter:

As a follow-up to your letter of February 15, 1995 to Brent Gardner of Alpha Engineering, the Utah Department of Transportation (UDOT) hereby disclaims any right, title or interest to the old existing Highway 91 roadway and right of way lying within the boundaries of Gateway North Industrial Park Phase I Amended, situated north of State Road 9 in Washington County, Utah.

This corridor has been prescriptive right of way and the jurisdiction to maintain the roadway was transferred to Washington County by the State Road Commission on July 10, 1964. We understand the subject corridor has all been included by annexation into Hurricane City now.

We support the improvements made on the new, re-located alignment and, as long as the proposal conforms to Hurricane City's Master Street Plan and re-connects with old US-91 to perpetuate public access to the Harrisburg area, we have no objection.

This request has been reviewed and approved by the UDOT Regional Director and right of way staff. We trust this provides the information and approval you need to process the re-alignment as proposed. If there is anything else we can help with, let us know.

Yours truly,

(5) PACE AMERICAN OF UTAH, INC.  
11550 Harter Drive  
Middlebury, IN 46540 ("BUYER")

It has been brought to our attention that a sale of real property is in Escrow at your company between Winding River Associates and Pace American of Utah, Inc. covering the property described on the Attached Preliminary Title Report. On Schedule B, Section 2 of the Preliminary Title Report, the following exceptions are included:

16. The herein described premises do not appear to abut a public road or highway. The Policy, when issued, will not insure either access or access rights or title to adjoining property which would provide access to a public road or highway.

20. Subject to the rights of the State of Utah, Washington County and Hurricane City, and the public and in those portions of the land lying within old U.S. Highway 91, (affects a portion).

Buyer represents that it is a utility trailer manufacturer and due to its own business reasons, it must commence construction of its trailer manufacturing facility on the property at the earliest

opportunity. Accordingly, you are hereby provided certain special escrow instructions intended to facilitate the clearing of exceptions 16 and 20 listed above as follows:

- (I) Delivered herewith into your possession are three original executed Quit Claim Deeds to the 10.00 acre parcel, described in the Preliminary Title Report referred to above.
  - (a) Quit-Claim Deed: Hurricane City, a Municipal Corporation of the State of Utah to Winding River Associates.
  - (b) Quit-Claim Deed: Hurricane Redevelopment Agency, a political subdivision of the State of Utah to Winding River Associates.
  - (c) Quit-Claim Deed: Washington County, a Political Subdivision of the State of Utah to Winding River Associates.
  - (d) Quit Claim Deed: The State of Utah, through the Utah Department of Transportation to Winding River Associates.
- (II) You are instructed to hold these Quit-Claim Deeds and record them:
  - (a) upon the written certification by Brent Gardner of Alpha Engineering, project manager for the road realignment project of old U.S. 91, that the old U.S. 91 right of way has been rerouted around the 10.00 acre parcel Schedule A, and that the improvement of the realigned right of way is of a quality equal to or better than that which existed prior to the realignment. Certification shall also show that realignment required above follows the roadway realignment set forth in red on the attached Map, Schedule B, and that it is in conformity with all design and construction maps and drawings provided by the project engineer;

(III) Following the recordation of the Quit-Claim Deeds, the State of Utah shall commence the process for an Abandonment Resolution (either specific to old U.S. 91 on the 10.00 acre parcel, Schedule A, or as a part of the larger realignment of old U.S. 91 on other parcels in the area, at the discretion of the State) as to the portion of old U.S. 91 that was within the boundaries of the 10.00 acre parcel, Schedule A, and upon the completion and recording thereof, you shall issue an amended ALTA Policy of Title Insurance to the Buyer showing the removal of the exceptions referenced above as disposed of and removed all together as an exception from Schedule B to the Policy of Title Insurance.

Escrow fees associated with this Escrow Agreement shall be considered costs of closing of the sale from Winding River Associates to Pace American of Utah, Inc. and shall be borne by Winding River Associates up to two hundred fifty dollars (\$250.00). Any costs in excess shall be split by the parties as set forth in their separate sales and closing agreements.

The State's participation in this Escrow Agreement is done as an accommodation to the respective parties to the real estate sales transaction in the interests of resolving their proposal to clear the above referenced exceptions from the title to the property. By executing this agreement, the State does not provide any warranty, representation or guarantee that the title issues will be resolved to the satisfaction of the parties to the sale. Furthermore, the parties to the sale, and each of them agree to hold the State harmless for its respective participation in this agreement.

If for any reason the conditions for recording set forth in Section II above are not met within six (6) months of the date hereof, you shall return all Quit Claim Deeds to the respective Grantors thereof and this Escrow Agreement shall be deemed canceled.

Each of the persons executing this agreement hereby represents that he is fully authorized to so act on behalf of the entity on whose behalf the signature is made and that if the signature is given on behalf of a public body, agency or entity, that authorization was given by the appropriate Board governing the same.

It is agreed further by the parties executing this agreement that the same may be executed in counterpart.

FROM : J. R. Chamberlain, P. E. *JRC*  
District Five Director

SUBJECT: Request for Documents to Abandon Old U.S. 91 Right-of-way

Would you please prepare the necessary documents to have the section highlighted on the attached map abandoned. This is a section of old U.S. 91 beginning at SR-9 and going northwesterly towards Harrisburg.

A review of the right-of-way books in this office indicates this is an old prescriptive right-of-way 100 feet wide 50 feet each side of the center line. There were no parcel numbers to reference the right-of-way to an old project.

When you have the necessary documents prepared would you either forward to Dyke Lefevre, with a request for commission action to abandon or return to me and I will request the abandonment.

Jerry Lunceford is likely to be very familiar with this area and the right-of-way.

Thank you for your assistance.

Re: Road Vacation on Old Highway 91

Dear Don:

You helped me out with a road problem in Kanab a few years ago. Now we have a similar problem in Hurricane.

Old Highway 91 near I-15 on the west boundary of Hurricane near the new Walmart Distribution Facility was never formally dedicated or deeded. The road was informally abandoned as a state highway but never vacated of record. The physical location of the asphalt has been changed in connection with the development of the Walmart site. It is necessary to vacate the old road location in order to convey clear title to purchasers.

I enclose a map showing the old road and the realignment. The realignment has been established by new documents.

Can we arrange to move this through the process of approval by the Commission?

Sincerely,

SNOW, NUFFER, ENGSTROM & DRAKE

David Nuffer

Dear Mr. Sant,

Could you or one of your co-workers please give me a call regarding some highway items at the junction of Old Highway 91 with State Road 9 (the Wal-Mart intersection) in Washington Co. Utah.

We have tried repeatedly the last couple of days to reach you by telephone, but the line is always busy.

Our questions also include some access problems Utah Power and Light is having in locating their power sub-station to serve the new development in the area.

Thank you,
