SR-2-35

WHEREAS, the programming of Interstate Construction Projects in Summit County in the vicinity of Wanship has resulted in the completion of a portion of Federal-aid Interstate Route 80 through this area and,

WHEREAS, to maintain continuity in the State System of Highways it is necessary to redesignate a portion of State Route 2 near Wanship and,

WHEREAS, portions of the old location of State Route 2 will no longer be justified as a part of the State Highway System, but nevertheless will still serve as a public road and,

WHEREAS, in compliance with the resolution adopted by the Utah State Road Commission on August 20, 1962, designating Interstate Route 80 as State Route 2 as maintenance responsibility is assumed.

NOW THEREFORE, pursuant to the Authority of Section 27-12-29, UCA, 1953, AS AMENDED, it is hereby resolved as follows:

1. That the new alignment created by the construction of Interstate Route 80 in the vicinity of Wanship will be designated as part of State Route 2.

2. That State Route 35 be extended from its present termini in Wanship northeasterly via a portion of former State Route 2, to a junction with a county road and thence, traversing a portion of this county road to a junction with the southbound off ramp at Interstate Route 80 (State Route 2).

3. That the old location of State Route 2 from a junction with State Route 35, westerly to a barricade, a distance of 1.90 + - miles be transferred to the jurisdiction of Summit County, and the remaining portion of this route will be abandoned as it will no longer serve as a public roadway.

4. That the former location of State Route 2 from a junction with recommended State Route 35 northeasterly to Interstate Route 80 (State Route 2), a distance of 1.3 + - miles be transferred to the jurisdiction of Summit County.

5. That by this action State Highway System mileage will be increased 0.5 + - mile and Summit County "B" mileage will increase ^{2.9} 1.9 + - miles.

6. That application be made to the U. S. Department of Commerce, Bureau of Public Roads to extend Federal-aid Secondary Route 184 to traverse the extension of State Route 35 from Wanship northeasterly to a junction with Interstate Route 80.

7. That Exhibit "A" attached herewith illustrating the action taken herewith is incorporated as a part of this submission.

RESOLUTION

State Routes 2, 36 and 138 *ox*

WHEREAS, a programming of Interstate Construction Projects in Tooele County between Timpie and Lake Point Junction, a distance of 22.5 miles has resulted in the need to redesignate State Routes within this area and,

WHEREAS, to maintain continuity in the State System of Highway it is necessary to redesignate a portion of State Route 2 between Timpie and Lake Point Junction and,

WHEREAS, with the construction of Stansbury Road from US-40 to Interstate Route 80 Interchange, a distance of 2.6 miles, a portion of the old location of State Route 2 from Stansbury Road Junction to Timpie will no longer be justified as a part of the State System of Highways but nevertheless a portion of this roadway will still serve as a public road and,

WHEREAS, in compliance with the resolution adopted by the Utah State Road Commission on August 20, 1962, designating Interstate Route 80 as State Route 2 as maintenance responsibility is assumed.

NOW THEREFORE, pursuant to the Authority of Section 27-12-27, UCA, 1953, AS AMENDED, it is hereby resolved as follows:

1. That the new alignment to be created by the programmed construction of Interstate Route 80 between Timpie Interchange and Tooele Interchange will be designated as part of State Route 2.

2. That State Route 36 be extended from its present termini at Mills Junction northerly via the former location of State Route 2 to the Tooele Interchange (Southwest of Lake Point Junction).

3. That the old location of State Route 2 from Mills Junction westerly via Grantsville to Stansbury Road Junction be redesignated as State Route 138 and the Stansbury Road connection between former State Route 2 and Stansbury Interchange, will also be designated as part of State Route 138.

4. That the old location of State Route 2 from Stansbury Road Junction northwesterly to a proposed culdesac east of Timpie Junction, a distance of 5.5 + - miles will be transferred to the jurisdiction of Tooele County, at such time as Interstate Route 80 and the Stansbury Road connection is completed and opened to traffic.

5. That application be made to the U. S. Department of Commerce, Bureau of Public Roads to relocate Federal-aid Primary Route 2 to traverse Interstate Route 80 between Timpie Interchange and Tooele Interchange and that Federal-aid Primary Route 11 be extended from its present termini at Mills Junction northerly to Tooele Interchange. That the roadway redesignated as State Route 138 from Stansbury Interchange to Mills Junction be placed on the Federal-aid Secondary System of Highways.

6. That by this action State Highway System mileage will increase 17.9 + - miles, Tooele "B" mileage will increase 2.9 + - miles, Federal-aid Primary System mileage will decrease 2.5 + - miles, and Federal-aid Secondary System mileage will increase 20.4 + - miles.

7. That Exhibit "A" attached herewith illustrating the action taken herewith is hereby incorporated as a part of this submission.

RESOLUTION *T^h*

State Routes 2, 6, 8, 15, 24, 26, 29, 44, 54, 123, 155, 236, 259

WHEREAS, with the completion of various projects resulting in the re-construction of new roadway on new alignment and

WHEREAS, portions of the old alignment will no longer serve as roadways but nevertheless other sections will still serve as public roads, though not justified as part of the State Highway System and

WHEREAS, a physical inventory was made of all roadways concerned in this resolution and

WHEREAS, all county officials concerned were contacted and their letters of concurrence in our recommendations are forthcoming and

WHEREAS, it has been recommended by the District Engineers concerned.

NOW THEREFORE, pursuant to Authority 12-27-12, UCA, 1953, AS AMENDED, it is hereby resolved as follows:

22-2-4 1. Route 2 - Summit County, Project I-80-4(8)190, west of Wyoming line, a distance of 4.373 miles built on new location. Three sections of the old roadway are no longer within the N/A line and are of no further use as public roadway, therefore all portions of roadway on old alignment are abandoned, a distance of 4.200 miles, resulting in an increase of 0.173 mile in the State System of Highways.

24-6-2 Route 6 - Uintah County, Project F-015-3(4) west of Vernal, a distance of 2.055 miles built on new location. All portions of old alignment have either been obliterated or barricaded by barriers, therefore, all portions of the old alignment are abandoned, a distance of 2.405 miles, resulting in a decrease of 0.350 mile in the State System of Highways.

8-5-1 Route 8 - Emery County, Projects F-028-3(5) and F-028-3(6) south of

Carbon County line, a total distance of 14.712 miles built on new location. All portions of the old alignment have either been obliterated, including removal of some structures, or barricaded, with the exception of that portion of old alignment from a connection with the new alignment south of Price River northerly to Woodside, a distance of 0.7 + - mile. Therefore, all portions of the old alignment are being abandoned, a distance of 14.299 miles, with the exception of that portion that is being used as a public road from a connection with the new alignment south of Price River to Woodside which is transferred to the jurisdiction of Emery County, resulting in an increase of 0.7 + - mile in Emery County "B" mileage and a decrease of 0.287 mile in the State System of Highways.

3.15-2 Route 15 - Kane County, Projects F-014-1(2) and FLH-37-(1) east of Zion Park Boundary, a distance of 2.809 built on new location. All portions of the old alignment have been closed to the public with the exception of that portion of the old alignment from a connection with the new alignment northeasterly to a mine road, a distance of 0.400 mile. Therefore, all portions of the old alignment are abandoned, a distance of 3.942 miles, with the exception of that portion being used as a connecting roadway to the mine road which is transferred to the jurisdiction of Kane County, resulting in an increase of 0.4 + - mile in Kane County "B" mileage and a decrease of 1.533 mile in the State System of Highways.

28.2004 Route 24 - Wayne County, Projects NS-371(1) and S-0371(5) east of Capitol Reef Monument, a distance of 14.484 miles built on new location. From Engineer Station 851 + - to 652 + - transferred to the jurisdiction of Wayne County, a distance of 3.600 miles, all remaining portions of the old alignment have been obliterated and, therefore, are abandoned, a distance of 11.646 miles, resulting in an increase of 3.6 + - miles in Wayne County "B" mileage and a decrease of 0.762 mile in the State System of Highways.

12.26.1 Route 26 - Juab County, Project F-029-3(2) from a junction with State Route 148 southwesterly, a distance of 6.615 miles built on new location. From

Engineer Station 1201 + - to 1115 + - the old alignment has been obliterated and, therefore, is abandoned, a distance of 1.949 mile. From Engineer Station 1115 + - to 85 + - to be transferred to the jurisdiction of Juab County, a distance of 5.030 miles, resulting in an increase of 5.0 + - miles in Juab County "B" mileage and a decrease of 0.364 mile in the State System of Highways.

5.09-1 Route 29 - Emery County, Project NR-29-1 Sanpete County line easterly, a distance of 5.908 miles built on new location. All portions of old roadway abandoned, a distance of 1.900 mile, as it will be inundated as a result of the construction of Joes Valley Reservoir, resulting in an increase of 4.008 miles in the State System of Highways.

5.00-2 Route 44 - Daggett County, Project S-0192(1) south of Manila, a distance of 2.186 miles built on new location. From Engineer Station 2145 + - to 2069 + - will serve as a public roadway and, therefore, is transferred to the jurisdiction of Daggett County, a distance of 2.400 miles, resulting in an increase of 2.4 + - miles in Daggett County "B" mileage and a decrease of 0.712 mile in the State System of Highways.

5.51-2 Route 54 - Garfield County, Project S-0392(5) near Escalante, a distance of 3.818 miles built on new location. From Engineer Station 226 + - to 111 + - to be abandoned as connections to this section of old alignment have been obliterated, a distance of 2.727 miles. From Engineer Station 111 + - to 44 + - to be transferred to the jurisdiction of Garfield County, a distance of 1.046 mile and from Engineer Station 44 + - 25 + - be transferred to the jurisdiction of Escalante City, a distance of 0.629 mile, resulting in an increase of 0.6 + - mile in the Escalante City "C" mileage, an increase of 1.0 + - mile in Garfield County "B" mileage and a decrease of 0.584 mile in the State System of Highways.

5.128-1 Route 123 - Carbon County, Project S-0294(1) near Sunnyside, a distance of 0.625 mile built on new location. All portions of old alignment will still serve as a public road, a distance of 0.691 mile and, therefore, will be transferred to

50

The construction on new location, transfers and abandonments indicated in the accompanying resolution resulted in a total of 64,816 miles being built on new location, 0.629 mile transferred to City "C" mileage, 18,767 miles transferred to County "B" mileage and 46,095 miles abandoned, resulting in a decrease of 0.675 mile in the State System of Highways.

the jurisdiction of Carbon County, resulting in an increase of 0.7 + - mile in Carbon County "B" mileage and a decrease of 0.066 mile in the State System of Highways.

8-155-1
8-230-1
Route 155 and 236 - Project NS-338(1) 1.8 mile northeast of Huntington, a distance of 0.492 mile built on new location. All portions of old alignment abandoned as they will be inundated by the construction of Huntington Reservoir, a distance of 0.47 mile, resulting in an increase of 0.017 mile in the State System of Highways.

13-250-1
Route 259 - Kane County, Project F-035-1(4) Kanab easterly, a distance of 6.739 miles built on new location. From Engineer Station 98 + - to 266 + - and commencing again at Station 295 + - to 383 + - to be transferred to the jurisdiction of Kane County, a distance of 4.900 miles, as they will still serve as a public roadway, all remaining portions of the old alignment have been made inaccessible, a distance of 2.054 miles, therefore, are abandoned, resulting in an increase of 4.9 + - miles in Kane County "B" mileage and a decrease of 0.215 mile in the State System of Highways.

2. That the maps attached herewith illustrating the action taken herewith is hereby incorporated as a part of this submission.

UTAH STATE
DEPT. OF HIGHWAYS

The status of the old abandoned roads on the subject projects have been reviewed and following is my recommendation:

1. F-001-8(2) The old road should remain as it is at the present time. It lies on right-of-way that we have by agreement from the railroad. In addition, the old road and bridge are intended to be used for a stock trail for crossing the Bear River.
2. 1-80-4(8)190 Three sections of the old road are no longer within the N/A lines, as itemized below, and are of no further use to us for roadway purposes. These three sections should revert to private ownership.

SUBJECT: Road Deletions

RECEIVED
1965 JAN 26 AM 10

UTAH STATE
DEPT. OF HIGHWAYS

We have listed the following projects that have been constructed in the last couple of years and sections of road that should be deleted from our system:

- S-0294(1) Dragerton (Culvert & Approaches)
- F-028-3(6) Woodside Northerly
- NR-29(1) 7 Miles W. of Orangeville (Joe's Valley)
- NS-338(1) Huntington Northerly - Mohrland Connection
- NR-24-2(1) Huntington North on SR-10

The NR-24-2(1) Huntington North Section has bypassed the location where the Huntington Reservoir is being constructed by the Bureau of Reclamation. A portion of this right-of-way has probably been acquired by the Bureau of Reclamation people.

WHEREAS, the programming of Interstate Construction Projects in Salt Lake County from approximately 4200 West and North Temple Street, east via Interstate Route 80 to Interstate Route 15 has resulted in the completion of Federal-Aid Interstate Project I-IG-80-3(23)118 and,

WHEREAS, to maintain continuity in the State System of Highways, it is necessary to redesignate a portion of State Route 2 from approximately 4200 West to Second West Street in Salt Lake City and,

WHEREAS, in compliance with the resolution adopted by the Utah State Road Commission on August 20, 1962, designating Interstate Route 80 as State Route 2, as maintenance responsibility is assumed.

NOW THEREFORE, pursuant to the Authority of Section 27-12-27, UCA, 1953, AS AMENDED, it is hereby resolved as follows:

1. That State Route 2 be relocated to traverse the proposed alignment of Interstate Route 80 from approximately 4200 West, east to Redwood Road and then continuing east via the completed portion of Interstate Route 80 (Project I-IG-80-3(23)118) to Interstate Route 15.
2. That the former location of State Route 2 from approximately 4200 West, east to Second West Street in Salt Lake City be designated as State Route 267.
3. That application be made to the U. S. Department of Commerce, Bureau of Public Roads, to transfer that portion of Federal-Aid Primary Route 2, from approximately 4200 West to Interstate Route 15, to the new location of State Route 2 and extend Federal-Aid Primary Route 34 from Interstate Route 15 west via State Route 267 to a point near 4200 West.

SUBJECT:

Transfer to a new alignment a portion of State Route 2 and addition of State Route 267, in Salt Lake County, to the State System of Highways

Effective October 28, 1966, the State Road Commission adopted a resolution transferring a portion of State Route 2, to traverse the proposed alignment of Federal-Aid Interstate Route 80 from approximately 4200 West, east to Redwood Road and then east via the completed portion of Interstate Route 80 to Federal-Aid Interstate Route 15.

By this action the former alignment of State Route 2 from approximately 4200 West, thence east to Second West Street is designated as State Route 267.

The maintenance responsibility section numbers are as follows:

18-2-1 Toole County line to State Route 267 at 4200 West.

18-2-2 State Route 267 at 4200 West, east to I-15 and I-80 Interchange at 2nd South.

18-267-1 State Route 2 (I-80) east to State Route 271 at 2nd West.

Transmitted herewith is a copy of the aforementioned resolution and a location map.

SUBJECT: State Road Construction Changes

Present US-30S, shown in red on the attached drawing, serves as access to range and grazing land. Completion of the interstate project, Echo to Emory, I-80-4(12)165, in the near future will relegate the function of US-30S to that of a frontage road for access to property lying to the north. This office recommends that it remain intact as a frontage road to serve said area and that total jurisdiction be transferred to Summit County.

The board of Summit County Commissioners will accept as County responsibility, the maintenance and snow removal of a portion of old highway 189, from Coalvill City limits south to Wanship, a distance of approximately 7 miles.

With this acceptance, we respectfully request that this portion of highway be placed on the Class "B" system of Summit County. Since we have been taking care of the snow removal for the past year and 1/2, we are hopeful of getting this on the system this year, 1968.

We would appreciate any help that the State Road Commission can give in re-finishing portions of this highway that is badly in need of repair.

There are numerous frontage roads and realignments of existing local roads that have been constructed as part of interstate projects within your district. Because of the fact that these roads were never intended to be part of the State System of Highways and were constructed for local service only, it is necessary to formally, through Road Commission action, transfer these state constructed roads to their proper jurisdiction.

To expedite these transfers we must receive your recommendations as to the disposition of these roads, accompanied by documents from those local governing agencies concerned, indicating their concurrence with your recommendations.

Transmitted for your information are two (2) copies each of a summary of changes in the State Road System, abstracted from the 1967 House Bill 259, a summary of changes in the State Route System, due to construction on new location and the Master State Highway Plan, Engrossed Copy, House Bill No. 259.

Changes in "B" or "C" mileage where applicable as a result of the aforementioned changes have been made in our records.

It should be noted that by Legislative action that State Statutory Routes 1, 2, 3, 4 and 5 will traverse all completed construction projects on these routes, therefore as these projects are completed and opened to traffic, the state route designation automatically is transferred to the new alignment of the completed project. As a result of this action, it is recommended that any remaining portions of the old alignment be redesignated as a state route, transferred to local jurisdiction or abandoned prior to the opening of any new section or sections of highways, as there will not be maintenance road section designation to enable charges to be made for these sections of highway. If a situation of this nature is in existence within your District at the present time, your recommendation as to the disposition of said road or roads should be forwarded to this office immediately with appropriate documentation from local authorities, when applicable to enable us to expedite the correction of this situation.

Dear Mr. Greenwood;

On February 13, 1967, the State of Utah turned over to Summit County a portion of highway 189, from Wanship to Coalville.

Summit County will formally accept this road for maintenance and snow removal, but we feel that the State of Utah should keep their promise to us, that of resurfacing this portion of highway.

A great part of this highway was broken up during construction of the freeway-nearly all of the gravel was hauled from the Harvey Pace gravel pit in Wanship and the heavy loads caused considerable amount of damage to nearly all of this section.

We also urge you to have this section of highway placed on our Class "B" System, as we removed the snow from it after February 13, 1967.

Your cooperation will be greatly appreciated.

SR-189 - Manship to Coalville

The Maintenance Section has repaired SR-189 from Manship to Coalville by patching and chipping the surface.

I talked with Richard W. Barrant, Summit County Commissioner, by telephone on Wednesday, 11 September 1966, at which time he felt that the county could accept the road to be placed on their system for receiving their portion of Class "B" funds.

A copy of letter from Summit County dated 16 October 1967 (attached) indicated that now it is satisfactory to take appropriate action for transfer of the above captioned road.

Dear Mr. Durrant:

Subject: Transfer of old State Route 2 to local jurisdiction
in Summit County

Effective September 27, 1968, the State Road Commission adopted a resolution to transfer that part of old State Route 2 from Engineer Station 728 + 48.5 to Coalville south city limits, to the jurisdiction of Summit County and from Coalville south city limits to State Route 289 in Coalville, to the jurisdiction of Coalville City.

By this action Summit County "B" mileage will increase 5.2 + - miles, Coalville City "C" mileage will increase 0.7 + - mile.

Attached is a copy of the resolution and a location map.

Gentlemen:

O
The State Highway Department has recently completed Interstate 80 from Wanship to Coalville. This facility is two-lanes each way which, for all practical purposes, substantially increases State Highway maintenance responsibilities. This new freeway practically eliminates Interstate and Through travel traffic, which formerly used US-189 Alternates. Considerable portions of the local traffic also use the freeway.

P
It has been the policy of the State Road Commission, under similar circumstances, to relinquish the old highways to local authorities for continued maintenance and upkeep. This policy is an effort to keep State Highway mileages within the prescribed amount. The highway which parallels I-80 between these towns, is essentially considered a Local Road type.

Y
It is desired that your organization will accept the maintenance responsibility of old US-189 within the local boundaries. This will increase your B & C road allotments by equivalent mileage. It would also be desired that a definite date for transfer of responsibility be established. The District Engineer suggests 13 February 1967 at 12 o'clock noon as an appropriate date and time.

It would appear to be advantageous for a joint inspection to be made by the District Engineer and representatives of the local government to determine minor changes, such as removal of route markers, exchange of information and similar types of activities, to be consummated. If some exceptions or changes become apparent from such an inspection, these could be made a matter of note in the formal transfer.

roads as noted on the attached map to Summit County for use as public highways, subject to the following conditions:

a. That Summit County may not abandon these roads as public roads without prior approval of the Utah State Road Commission and the Bureau of Public Roads.

b. That should it be found at any time that any part of the facilities relinquished are required for the safe and proper operation of the Federal-aid highway, the facilities will revert to the State Road Commission without cost.

That the maps showing the roadways to be relinquished are hereby incorporated as a part of this submission.

That the letter from Mr. J. Q. Adair to Carlos L. Porter, Chairman, Summit County Commission, relating to the roads to be transferred to the jurisdiction of Summit County be hereby incorporated as a part of this submission.

That the letter of acceptance and resolution from the Summit County Commission be hereby incorporated as a part of this submission.

That by this action Summit County "B" mileage will increase 7.6 + - miles.

That the relinquishment and conveyance of these frontage roads become effective upon the approval of the Bureau of Public Roads indicating concurrence in the aforementioned relinquishment and conveyance of roads in accordance with Policy and Procedure Memorandum 80-5.

RESOLUTION

State Route 2 *CA- 22-2-3*

WHEREAS, with the completion of Interstate Project I-80-4(9)160 from Coalville to Echo Junction in Summit County, a distance of 5.198 miles, and

WHEREAS, the State law relates that State Route 2 will traverse the alignment of Interstate Route 80, and

WHEREAS, the State law relates that state routes used as interstate traveled-way will remain state responsibility until these segments are replaced by completed interstate projects, and

WHEREAS, the old alignment of State Route 2 will still serve as a public road though not justified as a part of the State System of Highways, and

WHEREAS, to maintain continuity in the State and Federal-aid System of Highways, the necessary action must be taken.

NOW THEREFORE, pursuant to the Authority of Section 27-12-27, UCA, 1953, As Amended, it is hereby resolved as follows:

That the highway constructed on new alignment as a result of Project I-80-4 (9)160 be designated as a part of State Route 2.

That the old alignment of State Route 2 from the junction with State Route 280 northerly to the north city limits of Coalville be transferred to the jurisdiction of Coalville City.

That the old alignment of State Route 2 from Coalville north city limits northerly to a junction with State Route 2 (I-80) at Echo Junction be transferred to the jurisdiction of Summit County.

That by this action Coalville City "C" System mileage will increase 0.8 + - mile, Summit County "B" System mileage will increase 4.6 + - miles and State Highway System mileage will decrease 0.2 + - mile.

As requested in your June 2 memorandum the transfer of FAP Route 2 to the new location created by construction of Interstate Project I-80-1(7)1, between Wendover and Knolls in Tooele County, is approved.

Approval of this transfer does not change the approved route description but increases the Federal-aid Primary System mileage in Utah by about 0.4 mile.

We also concur with the Utah State Road Commission's May 22 resolution that State constructed access roads on the subject project be relinquished to Tooele County. This change will increase the "B" System mileage in Tooele County by about 46.5 miles.

Salt Lake City, Utah

Dear Quintin:

In reference to your letter of April 17, 1970 in regards to the disposition of the frontage road from Wells to Wendover, Utah. I am sorry this letter was not sent to you on your first request but we had discussed this matter with Dave Greenwood in February by telephone, which at this time, Tooele County did accept the responsibility of maintenance of this particular section.

It was my understanding at this time with Mr. Greenwood that it would be included in the 1970 B Road allocation. If this has not been done, I would appreciate your notifying me. We have recently inspected the above mentioned road and found it to be in need of some repairs. As you are well aware, Tooele County is in no position to spend any large sums of money to upgrade this frontage road.

Kindest Regards,

GEORGE BUZIANIS
Tooele County Commissioner

Dear Mr. Smith:

Subject: Transfer of Federal-aid Primary Route 2 and State Constructed
Access Roads in Tooele County

Effective June 10, 1970, the U.S. Department of Transportation, Federal Highway Administration, Bureau of Public Roads, approved the transfer of Federal-aid Primary Route 2, from the old alignment of US-40 to the new alignment of Interstate Route 80 from Wendover to Knolls.

Effective this same date, the Bureau of Public Roads approved the transfer of those state constructed frontage and access roads created by the construction of Project I-80-1(7)1, to the jurisdiction of Tooele County.

By this action Tooele County "B" System mileage will increase 46.5 + - miles.

Attached is a copy of the resolution and a location map.

Very truly yours,

Dear Commissioner Porter:

**DISPOSITION OF STATE CONSTRUCTED FRONTAGE ROAD
 SILVER CREEK JCT. to KIMBALL'S JCT.**

The State Road Commission is interested in transferring the following section of road to Summit County for maintenance responsibility: (See attached map, road section marked in red.)

The frontage road on both the north and south sides of I-80 from west of Kimball's Junction to east of Silver Creek Junction for a distance of approximately 6 3/4 miles.

If Summit County approves the acceptance of this section of road, we would appreciate receiving a letter of your approval at an early date. Then, as soon as the State Highway Department approved the transaction, you will be credited with "B" funds for its future maintenance.

RESOLUTION

Redesignation of Various State Routes

WHEREAS, it has been determined that it would be advantageous for record keeping and developing a Highway Reference System that various state routes be redesignated by hierarchy with the route number being synonymous with the US route designation, and

WHEREAS, this proposed revision of State Route Designations is concurred in by all District Directors.

NOW THEREFORE, be it resolved as follows:

That Interstate Route 15 be designated as State Route 15 and by this action delete the designation of State Route 1 and redesignate present State Route 15 as State Route 9,

That Interstate Route 80 be designated as State Route 80 and by this action delete the designation of State Route 2 and redesignate present State Route 80 as State Route 92,

That Interstate Route 80N be designated as State Route ~~82~~⁸⁴ and by this action delete the designation of State Route 3 and redesignate present State Route ~~82~~⁸⁴ as State Route ~~126~~⁸²,

That Interstate Route 70 be designated as State Route 70 and by this action delete the designation of State Route 4 and redesignate present State Route 70, part of State Route 102, part of State Route 69, part of State Route 16 and State Route 51 as State Route 30 and by this action delete the designation of State Route 51,

That Interstate Route 215 be designated as State Route 215 and by this action delete the designation of State Route 5,

That US-6 and 50 from the Utah-Nevada State line to Delta be designated as State Route 6 and that US-6 from Delta to the junction with I-70 west of

Gentlemen:

The Route Numbering Committee reviewed the application coming from the Idaho Department of Transportation, and concurred in by the Utah Department of Transportation, for the redesignation of I-80N.

After reviewing the application, together with objections raised by States of Washington and Oregon, the Committee voted to redesignate I-80N as I-84, subject to concurrence by the Federal Highway Administrator, and with the State of Oregon in consultation with the States of Utah and Idaho to make the determination when the sign change would take place; but no later than July 1st, 1980.

This action was reviewed by the Executive Committee at its meeting on July 7th, 1977, and concurred therein.
