COUNTY/VOLUME & RESOLUTION NO.

A. San Juan Co. 1/97	B. San Juan Co. 2/8	C. San Juan Co. 3/23
D. San Juan Co. 5/8	E. San Juan Co. 6/2	

DESCRIPTION OF RESOLUTION CHANGE

- (A). Relocation/New Alignment - Between Comb Wash and Butler Wash.
- (B). Relocation/New Alignment - From Lime Ridge to Comb Wash.
- (C). Relocation/New Alignment - From Devils Canyon to north of Verdure.
- (D). Relocation/New Alignment - Portion south of Monticello.
- (E). Deletion - Withdrawn as a State Route. Reassigned as SR-163.

RESOLUTION

State Route 47

WHEREAS, with the near completion of Project S-0402(4) a distance of 3.889 miles between Comb Wash and Butler Wash in San Juan County, resulting in the construction of new roadway on new alignment and,

WHEREAS, portions of the old alignment will still serve as a public road, though not justified as a part of the State System of Highways and,

WHEREAS, to maintain continuity in the State System of Highways and,

WHEREAS, these transfers have been recommended by Mr. J. Q. Adair, District Engineer, and concurred in by the San Juan County Commission.

NOW THEREFORE, pursuant to the Authority of Section 12-27-12, UCA, 1953, AS AMENDED it is hereby resolved as follows:

1. That the new roadway resulting from the construction of Project S-0402(4) be designated as part of State Route 47.
2. That the old roadway between Engineer Stations 1954 + 50 + - (equal to 3 + 50 temporary connection) to Station 2033 + - and commencing again at Station 2053 + 50 + - to Station 2172 + - be transferred to the jurisdiction of San Juan County.
3. That the Baily Bridge across Butler Wash be dismantled and stored by the Department of Highways for future use.
4. That by this action the State System of Highways will decrease 1.2 + - mile, and San Juan County "B" mileage will increase 5.1 + - miles.
5. That this action will become effective and maintenance responsibility will be assumed upon the opening of the new roadway, having resulted by the completion of Project S-0402(4) to traffic.

SR-47
97

6. That Exhibit "A" attached herewith illustrating the action taken herewith is hereby incorporated as a part of this submission.

Dated this 27th day of September, 1965.

Dear Sir:

In reference to Project # S-0402(5).

The San Juan County Commission met for its regular session on Monday October 2, 1967.

Mr. Reed Wilson from the Department of Highways was present and requested the Commissioners approval of obliteration of the old section of Highway #47 on Lime Ridge, in San Juan County.

The San Juan County Commission has no objection to the abandonment of the old alignment between Sta. 1610+00 and 1957+00 also known as the Lime Ridge Road.

Sincerely yours,

Marion H. Hazleton

Subject: Transfer to a new alignment a portion of State Route 47
in San Juan County

Effective November 9, 1967, the State Road Commission adopted a resolution transferring a portion of State Route 47 in San Juan County, from Lime Ridge to Comb Wash, to a new alignment, a distance of 6.572 miles.

The old alignment will no longer serve as a public road and is abandoned.

By this action State Highway mileage is decreased 0.4 + - mile.

Transmitted is a copy of the resolution and a location map.

Memorandum

UTAH STATE DEPARTMENT OF HIGHWAYS

DATE: December 12, 1972

TO : Lester Jester, P.E.
Chief, Systems Planning Division

FROM : J. W. Homer *JWH*
Plans & Estimates Engineer

SUBJECT: Disposition of Right of Way on State Route 47 South of Monticello
in San Juan County, Project FAS 141-E(1).

In answer to your inquiry of December 8, we see no reason not to abandon the old right of way you described to San Juan County; however, attached are photostats of the old strip map showing the right of way to be abandoned and copies of the instruments on which the right of way in question was acquired. Note that we have a Right of Way Deed from San Juan County for a portion of the property in question and a Grant of Easement from the Federal Land Bank of Berkeley.

Since our abandonment to San Juan County is, in effect, no more than a quitclaiming of our interest, there is no way we could be in any kind of difficulty; however, it would seem prudent to warn San Juan County that the Federal Land Bank of Berkeley could have a residual interest in that part of this right of way covered in their Deed of Easement to the Highway Department.

FROM : James L. Deaton 
District Engineer

SUBJECT: P.P.M. 07-4, Redesignation, Transfer, and Abandonment of
Highways. U-163 South of Monticello, Utah
RS-S-0402 (11)

The construction of Project RS-S-0402 (11) on new alignment immediately south of Monticello leaves a parcel of property that is recommended to be abandoned and relinquished to San Juan County. The parcel to be disposed of begins at Engineer Station 46+00± and ending at 57+00 is situated in the SE $\frac{1}{4}$ of SE $\frac{1}{4}$, Sec. 36, T. 33 So., R. 23 E. S.L.B. & M. and is shown in red on the attached plan sheet dated April 20, 1972.

For your further reference, attached is a copy of a letter dated August 14, 1972 to the Board of San Juan County Commissioners in which it is my recommendation that the section shown in red be abandoned to the adjacent property owners.

Also attached is a letter of reply dated October 25, 1972 under the signature of Marion Hazleton, Chairman, San Juan County Commission in which San Juan County concurs in the recommendation; however, they recommend that this abandonment be relinquished to San Juan County who in turn will convey portions to Kenneth and Clyde Christensen which is necessary to complete a Right of Way agreement with the Highway Department.

James L. Deaton
District Engineer
Utah State Department of Highways
Price, Utah 84501

Dear Mr. Deaton:

Reference is made to your letter of August 14, 1972, addressed to the Board of San Juan County Commissioners concerning abandonment of a section of the old highway right-of-way situated in the Southeast quarter of the Southeast quarter, section 36, T. 33S., R. 23E., just South of Monticello, Utah. The San Juan County Commission concurs in your recommendation that the section shown in red on the accompanying map be abandoned and relinquished to San Juan County and, in turn, San Juan County anticipates conveying this portion to Kenneth and Clyde Christensen, adjacent property owners, provided they agree to make available an access road to other properties which are cut off from their former access because of the realignment of the highway.

Very truly yours,

SAN JUAN COUNTY COMMISSION

Right Of Way Deed

San Juan County, a body corporate and politic grantor
 of _____ County of _____ State of Utah,
 hereby grants, bargains and sells to the STATE ROAD COMMISSION OF UTAH, Grantee, for the
 sum of _____ One and no/100 _____ DOLLARS,
 the following described right of way across the grantor's land in San Juan County,
 State of Utah, as follows:

Right of way for highway known as F.A.S. Project No. 141-E across the
 grantors land in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 36, T. 33 S., R. 23 E., S. L. M. Said
 right of way is contained within a parcel of land 100 ft. wide, 50 ft. on each
 side of the center line of survey of said project. Said center line is described
 as follows:

Beginning at the intersection of the north boundary line of said grantors
 land and said center line of survey at Engineer's Station 41+91, which point is 1314 ft
 north and 812 ft. west from the SE corner of said Section 36; thence S.45°43'E. a
 distance of 294.0 ft. to the intersection of said center line of survey at Engineer's
 Station 44+05 and the southerly boundary line of said grantors land, which point is 1009
 ft. north, and 601 ft. west from said SE corner of Section 36, as shown on the
 official map of said project on file in the office of the State Road Commission of
 Utah. Above described parcel of land contains 0.67 acre, of which 0.11 acre is
 now occupied by the existing highway. Balance 0.56 acre.

In executing this deed, the grantor hereby grants to the State Road Commis-
 sion of Utah permission to relocate and reconstruct within the grantors land and
 outside the limits of above described right of way, all irrigation ditches existing
 within said limits of above described right of way.

The purpose of this deed is to grant a perpetual right of way for highway purposes.

WITNESS, the hand, of said grantor, this _____ 6th _____ day of
 September, _____, A. D. 19. 38.

GRANT OF EASEMENT

THE FEDERAL LAND BANK OF BERKELEY, a corporation, being the owner in fee of that certain real property situate, lying and being in the County of San Juan, State of Utah, more particularly described as follows, to-wit:

Beginning at a point 133.2 feet South of the Northeast corner of the Southeast quarter of the Southeast quarter of Section 26, Township 33 South, Range 23 East, Salt Lake Base and Meridian, and running thence North $73^{\circ} 58'$ West 251 feet; thence South $71^{\circ} 27'$ West 462 feet; thence North $47^{\circ} 41'$ West 342.75 feet; thence West 333.10 feet to the Northwest corner of said Southeast quarter of the Southeast quarter; thence South 1320 feet; thence East 1320 feet; thence North 1186.8 feet to the place of beginning; containing 37.11 acres, more or less.

does hereby and for and in consideration of the sum of Ten Dollars (\$10.00) to it in hand paid, receipt whereof is hereby acknowledged, GRANT and CONVEY unto the STATE ROAD COMMISSION OF UTAH an easement and right of way across the above-described real property for highway purposes, which said easement and right of way is more particularly described as follows, to-wit:

Right of way for highway known as F.A.S. Project No. 141-E across the grantor's land in the Southeast quarter of the Southeast quarter of Section 36, Township 33 South, Range 23 East, Salt Lake Base and Meridian. Said right of way is contained within a parcel of land 100 ft. wide, 50 ft. on each side of the center line of survey of said project. Said center line is described as follows:

Beginning at the intersection of the northerly boundary line of said grantor's land and said center line of survey at Engineer's Station 44 plus 85, which point is 1009 feet north and 601 feet west from the Southeast corner of said Section 36; thence South $45^{\circ} 43'$ East a distance of 165.6 feet to a point of tangency with a $4^{\circ} 00'$ curve to the right; thence southerly along the arc of said $4^{\circ} 00'$ curve to the right, a distance of 1110.5 feet to the intersection of said center line of survey at Engineer's Station 57 plus 61.3 and the south boundary line of said grantor's land, which point is 50.7 feet west from said Southeast corner of Section 36, as shown on the official map of said project on file in the office of the State Road Commission of Utah. Above described parcel of land contains 2.93 acres, of which 0.27 acre is now occupied by the existing highway. Balance 2.70 acres.

In executing this deed, the grantor hereby grants to the State Road Commission of Utah permission to relocate and reconstruct within the grantor's land and outside the limits of above described right of way, all irrigation ditches existing within said limits of above described right of way.

IN WITNESS WHEREOF, THE FEDERAL LAND BANK OF BERKELEY has caused these presents to be executed and its corporate seal to be affixed by its proper officers, thereunto duly authorized this 30th day of January, 1950.

of beginning, containing 37.11 acres, more or less.

does hereby and for and in consideration of the sum of Ten Dollars (\$10.00) to it in hand paid, receipt whereof is hereby acknowledged, GRANT and CONVEY unto the STATE ROAD COMMISSION OF UTAH an easement and right of way across the above-described real property for highway purposes, which said easement and right of way is more particularly described as follows, to-wit:

Right of way for highway known as F.A.S. Project No. 141-E across the grantor's land in the Southeast quarter of the Southeast quarter of Section 36, Township 33 South, Range 23 East, Salt Lake Base and Meridian. Said right of way is contained within a parcel of land 100 ft. wide, 50 ft. on each side of the center line of survey of said project. Said center line is described as follows:

Beginning at the intersection of the northerly boundary line of said grantor's land and said center line of survey at Engineer's Station 44 plus 85, which point is 1009 feet north and 601 feet west from the Southeast corner of said Section 36; thence South $45^{\circ} 43'$ East a distance of 165.8 feet to a point of tangency with a $4^{\circ} 00'$ curve to the right; thence southerly along the arc of said $4^{\circ} 00'$ curve to the right, a distance of 1110.5 feet to the intersection of said center line of survey at Engineer's Station 57 plus 61.3 and the south boundary line of said grantor's land, which point is 50.7 feet west from said Southeast corner of Section 36, as shown on the official map of said project on file in the office of the State Road Commission of Utah. RESOLUTION

Redesignation of Various State Routes

WHEREAS, it has been determined that it would be advantageous for record keeping and developing a Highway Reference System that various state routes be redesignated by hierarchy with the route number being synonymous with the US route designation, and

WHEREAS, this proposed revision of State Route Designations is concurred in by all District Directors.

NOW THEREFORE, be it resolved as follows:

That Interstate Route 15 be designated as State Route 15 and by this action delete the designation of State Route 1 and redesignate present State Route 15 as State Route 9,

That Interstate Route 80 be designated as State Route 80 and by this action delete the designation of State Route 2 and redesignate present State Route 80 as State Route 92,

NO. 100-1-100
U.S. DEPARTMENT OF TRANSPORTATION

Gentlemen:

The Route Numbering Committee reviewed the application coming from the Idaho Department of Transportation, and concurred in by the Utah Department of Transportation, for the redesignation of I-80N.

After reviewing the application, together with objections raised by States of Washington and Oregon, the Committee voted to redesignate I-80N as I-84, subject to concurrence by the Federal Highway Administrator, and with the State of Oregon in consultation with the States of Utah and Idaho to make the determination when the sign change would take place; but no later than July 1st, 1980.

This action was reviewed by the Executive Committee at its meeting on July 7th, 1977, and concurred therein.

Sincerely,

[Handwritten signature]

Abandon
Old SR-47
SR-163

RESOLUTION

Abandonment of Right-of-Way
Old SR-47 and Old SR-163
Project No. F-050-1(2)
in San Juan County

WHEREAS, Section 27-12-28 of the Utah Code 1996, Provided for the deletion of highway from state highway system — Return to county, city, or town or abandonment. (2) abandon the state highway or portion of the state highway if it no longer serves the purpose of a highway, and

WHEREAS, roadway which operated as a portion of old SR-47 was never officially abandoned when new alignment in conjunction with Project No. F-050-1(2) was completed, and

WHEREAS, the Attorney General's Office has indicated that the Transportation Commission acting in the best interest of the Utah Department of Transportation should officially abandon the old roadway described herein, and

WHEREAS, the Region Four Director has reviewed the situation pertaining to stated old right-of-way, concurs with the Attorney General's Office that the portion of old SR-47 described herein, should be officially abandoned, and

WHEREAS, the appropriate staff of the Transportation Planning Division having reviewed all the material pertaining to stated abandonment concur with the Attorney General's Office recommendation.

NOW THEREFORE, be it resolved as follows:

1. Right-of-Way of old SR-47 beginning location in the SE¼, SE¼, Section 27 Township 40S R21E, referenced from Engineer Station 2311+00 in conjunction with the realignment of roadway depicted on Project Number F-050-1(2), traversing in a northeasterly direction a distance of 0.69± miles be abandoned.
2. This abandonment will become effective upon approval of the Transportation Commission.
3. The accompanying letter, memorandums, warranty deeds, exhibits, affidavits, and map will be made part of this resolution.

File

Memorandum

DATE: July 8, 1998

TO : Dale Peterson,
Region Four Director

FROM : Nancy Jerome
Region Four R/W Engineer

SUBJECT : Abandonment Request
SR-47 West of Bluff

The original request to abandon the old alignment of SR-47 was made in 1994 with verbal inquiry. The first letter I have in my files is from Mr. E. Park Guymon to you dated October 10, 1996. There is approximately 3600 feet of roadway involved. The new alignment became SR-163 and is now SR-191. The paperwork was prepared to have the roadway abandoned in February of 1997 by Glen Nielsen, in Program Development. However, this was not accomplished and I was instructed to prepare Quit Claim Deeds to transfer our prescriptive rights to the roadway back to the individual land owners. This process was completed and sent to Salt Lake City. However, Craig Fox found a subdivision had been established after our information was gathered, and requested me to review the project again.

The number of parties involved in this abandonment creates many problems if we quit claim our interest to each of the parties. There has been significant time spent on this project already, and the process of gathering the updated records from the county recorder's office, and readjusting the quit claim deeds will also require significant time. The bottom line is that we would not solve this issue by doing this, but would create access problems to land owners who have been using this roadway for access to their property for years. There is a feud going on between several of the parties involved that I believe will have to go to court to be resolved no matter what UDOT does. However, I do not believe it is in the best interest of the Department to become involved in this dispute. By formally abandoning the roadway for UDOT purposes, we can remove ourselves from the dispute without assigning ownership to the adjacent parties. It will then be between the parties to resolve issues of underlying fee ownership and access issues. I believe this is the appropriate thing for UDOT to do, and will cause the least amount of involvement in this dispute.

cc: Jim Baird, R/W Review Engineer
File

Memorandum UTAH DEPARTMENT OF TRANSPORTATION

DATE: February 5, 1997

TO: Glen Nielsen, Program Development

FROM: James R. Baird, P.E., L.S.
Right-of-Way Engineer

SUBJECT: Project SR-47, abandonment of Right of Way, San Juan County, Utah

Following phone calls from a property owner adjacent to the old SR-47 in San Juan County, Utah and following a discussion with Mr. Donald Coleman, Assistant Attorney General, it is suggested that UDOT abandon a portion of the Old Highway SR-47 near Bluff.

There is some dispute between the adjacent property owners and UDOT does not want to take sides on this dispute. Therefor, this property should be abandoned without assigning ownership.

Attached is a mylar drawing, and miscelaneous documents for your use in the abandonment of a this roadway near Bluff, Utah.

cc P. K. Mohanty
Lyle Page, Acting Region 4 Right of Way Engineer

Memorandum

DATE: 12/17/96

TO : L. Robert Fox, Chief, Right of Way
Attn: Jim Baird, P.E.

FROM : F. Lyle Page
Region Four Right of Way

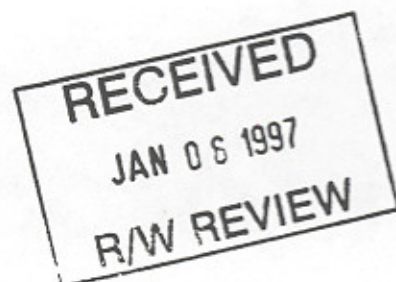

SUBJECT : F-050-1(2), SR-47 abandoned portion south of SR-50
near Cottonwood Addition.

The attached map shows a portion of old SR-47 which was abandoned in the mid 1970's when existing SR-50 was completed. The owners of property in Section 26 both have deeds which are to the centerline of SR-47. Guymon, the south owner is concerned because the north owners, Perkins & Shumway have claimed that the original deed which was written to acquire the SR-47 right of way had a clause which said that in case of abandonment, the right of way would revert to the original owner and have taken some steps on the property to suggest that they feel the entire abandoned right of way is theirs.

The attorney general's office has suggested that a formal request for UDOT to abandoned this right of way should be made to the Utah Transportation Commission. Any claims to ownership of the right of way would then revert to the private parties holding fee title.

The attached legal descriptions show current ownership of both sides of abandoned SR-47 in Section 26, T.40 S., R.21 E. Also included is a plansheet for existing SR-50 which shows the location of SR-47 through Sections 26 and 27.

Deed attached

Dear Mr. Peterson:

On the old state road just west of Bluff, Utah (old State Road 47) in Sec 26, T40S, R21E, SLB&M is a section of the old highway that runs through private property that has never been formally abandoned. The landowner (Cory Perkins) north of the road with permission of UDOT removed the gates that allowed us, the landowner south of the road, to travel the road to access our property and then fenced across the roadway.

Two years ago, Jim Plumhop of the State UDOT office could find no record of abandonment of this road. In May I contacted Pete Monson to get something done in that we needed access. He called back the end of June and said UDOT did not want to get involved. At the direction of my attorney, I removed the fence on the south half of the road. This week I visited the site, needing to enter to access our property and found a heavy welded steel structure in place.

In talking today with Don Coleman, he said that UDOT still owns the road and that by law you, upon request of formal abandonment of landowner, which I am now making, "have" to get the property transferred back to the Guymon Ranch Inc., south property owner and Cory Perkins and Genie Shumway, north property owner.

Signed:

E. Park Guymon

E. Park Guymon
Treasurer, Guymon Ranch Inc.
