DESCRIPTION OF RESOLUTION CHANGE

(A). Relocation/- New Alignment From 1300 West to Approx. 800 West.

(B). Realignment/ - New Alignment From near Lark to 11800 South.

Relinquishment of Realigned Highway
Authority: Sec. 27-12-29, UCA, 1953, As Amended

R E S O L U T I O N

State Route 111 / 18-1111-1

WHEREAS, with the completion of Project S-0153(1), has resulted in the construction on new alignment, a section of new roadway between Draper Crossroads and Riverton and,

WHEREAS, the remaining alignment of the old roadway will still serve as a public road though not justified as a part of the State System of Highways and,

WHEREAS, it has been recommended by Mr. J. Q. Adair, District Engineer, and concurred in by the Salt Lake County Commission, that the former location of State Route 111 from Engineers Station 64+08 to the new connecting road be abandoned and obliterated and that the remaining portion of old State Route 111 including the new connection be transferred to the jurisdiction of Salt Lake County and Riverton Corporation respectively and,

WHEREAS, to maintain continuity in the State System of Highways.

NOW THEREFORE, pursuant to the Authority of Section 27-12-29, UCA, 1953, As Amended, it is hereby resolved as follows:

1. That all portions of highway constructed on new alignment as a result of Project S-0153(1), be designated as a part of State Route 111.

2. That the former location of State Route 111 from Engineers Station 64+08 to the new connecting road be abandoned and obliterated, and the remaining portion of former State Route 111 and the new connecting road be transferred to the jurisdiction of Salt Lake County and Riverton Corporation respectively.

3. That by this action State Highway mileage will decrease 0.23 + - mile, Salt Lake County "B" mileage will increase 0.28 + - mile, and Riverton

As agreed upon during our telephone conversation, attached are map sheets reflecting in red those frontage, access and realignment of existing roads resulting from construction of highways within your district.

To enable this department to compile the necessary documents for presentation to the Utah State Road Commission, and enable them to transfer said roads to their proper jurisdiction, it is necessary that we receive from you, your recommendations and letters from the local governing agencies indicating their desire to have these roads added to their "B" or "C" Road Systems. These roads were constructed for local service and were never intended to be a part of the State System of Highways.

Also attached are map sheets reflecting the location of the realignment of State Highways in Riverton and near Lark. These revisions also need letters of request from Salt Lake County and Riverton City indicating their desire to have the old alignment placed on their "B" or "C" Road System respectively.

We are in receipt of a copy of your letter to Mr. Richard W. Durrant, Chairman, Summit County Commission, requesting his letter of acceptance for placing that portion of the old alignment of State Route 224 in Empire Canyon that is in Summit County on their "B" System, a similar request should be made to the Mayor of Park City, also your recommendation for the transferring of State Route 224 to the new alignment in Ontario Canyon.

Salt Lake County Department of Highways
165 Sugar Street
Midvale, Utah

Attention: Commissioner Oscar Hansen, Jr.

Dear Sir:

During the calendar year 1966, the State Highway Department completed extensive construction work on Highway U-111 (12300 between State Street and Redwood Road 1700 West). About one mile of this work involved a realignment of the State Highway. Approximately two blocks of a north-south road at 1300 West and perhaps six blocks of the old east-west road are no longer traveled extensively by other than adjacent property owners.

This road has been deleted from the Maintenance responsibilities of the State Highway Department. It may be desirable to make a joint field inspection to determine if there are any questions or problems that could be handled by this method. There do not appear to be any permits or similar documents issued to private individuals for utility connections.

The records of the Highway Department will be adjusted to the end that the above mentioned sections of road are included in the County B & C accounts and appropriate funds authorized for maintenance.

Very truly yours,

H. E. WILBERT,
District Engineer - District Two

O
Attention: Flo Etta Page, City Clerk

Thanks for your letter of 11 March 1968 accepting the following section of road for "C" funds credit:

Old SR-111 from Jordan River, westerly to 1300 West,
thence southerly to where it connects to present SR-111.

P
The information is being forwarded to the Office of Planning and Programming for transfer of funds.

Y
For your further information, District Two Maintenance Section has been directed to do some maintenance on the said section of road as soon as weather will permit. This will consist of small patchings and crack fillings.

Your continued cooperation with the State Highway Department in the expansion of our transportation system certainly is appreciated. Any time you have questions, please feel free to write this office.

Yours very truly,

J. QUINTIN ADAIR
District Engineer

Dear Mr. Hanson:

Subject: Transfer to a new alignment, a portion of State Route 111
between Draper Crossroads and Riverton in Salt Lake County

On March 29, 1968, the State Road Commission adopted a resolution transferring a portion of State Route 111 to the new alignment completed by Project S-0153(1), between Draper Crossroads and Riverton.

A portion of the old alignment will no longer serve as a public road, a distance of 0.150 +/- mile is abandoned. The remaining section of the old alignment is transferred to local jurisdiction.

By this action State Highway mileage is decreased 0.23 +/- mile, Salt Lake County "B" mileage is increased 1.28 +/- mile, and Riverton "C" mileage is increased 0.80 +/- mile.

Attached is a copy of the resolution and a location map.

Very truly yours,

RECEIVED

JAN 19 1968

SALT LAKE COUNTY
HIGHWAY DEPARTMENT

ADDRESS REPLY TO
DISTRICT ENGINEER

Utah State Department of Highways
525 West 13th South
Salt Lake City, Utah
84115

J. Q. ADAIR
DISTRICT ENGINEER

16 January 1968

Mr. LaMont B. Gunderson, Director
Salt Lake County Highway Department
165 Sunnyside Street
Midvale, Utah 84044

Dear Mr. Gunderson:

The Department of Highways is interested in updating the "B" & "C" road funds for those agencies involved in the Interstate program where frontage roads have been constructed.

The attached maps, Exhibits IV-A, B, C and D, show roads in your area with the following descriptions:

EXHIBIT IV-A

- (1) West side of SR-111 from 118th South, westerly, crossing SR-111 to the southeast side of SR-111, thence back across SR-111 into the populated area of Lark, thence back onto SR-111;

EXHIBIT IV-B

- (2) East side of I-15 from 90th South, northerly to where it connects with 300 West, just south of approx. 8600 South;
- (3) " " I-15 from 90th South, for a short connection on 2nd West;
- (4) West " I-15 from 90th South to 9400 South;
- (5) East " I-15 from 100 South to approx. 102 South;
- (6) West " I-15 from just north of 106th South to 110th South;
- (7) West " I-15 from 114th South to 118th South

See Page 2

"safe today - alive tomorrow"

DISTRICT TWO FILE

EXHIBIT IV-B Continued:

- (8) East side of I-15 from 118th South, on east side of State Street, following along east side of I-15 to Draper Crossroads, thence southerly to 138th South - (partially constructed area);
- (9) West " " I-15 from 123rd South (Draper Crossroads) to 148th South;
- (10) SP-111 from SR-111 westerly to Jordan River.

EXHIBIT IV-C:

- (11) East of I-215 (Belt Route) from 1700 North, northerly on the east bank of the City Drainage Canal to approximately 2700 North;

EXHIBIT IV-D:

- (12) North side of 3900 So. from 2nd West to the grade separation over I-15 (D&RGW RR);
- (13) South " " 3900 So. from 2nd West to near the grade separation over I-15;
- (14) North " " 3900 So. from 2nd West to near the UPRR.

If Salt Lake County approves the acceptance of these sections of road, we would appreciate receiving a letter of your approval at an early date. Then, as soon as the State Highway Department approves the transaction, you will be credited with the funds for their maintenance.

Yours truly,

UTAH STATE DEPARTMENT OF HIGHWAYS
