Dear Sir:

United States Fuel Company hereby requests that the Hiawatha portion of Route 122, beginning at the Utah Railway crossing entering Hiawatha and ending at the state maintenance limit sign located in Hiawatha, be returned to United States Fuel Company.

The reason for this request is that U.S. Fuel Company plans to gate the access to Hiawatha for security purposes.

United States Fuel Company understands that it will assume full maintenance obligations of this portion of road.

If you have any questions or comments, please contact me at the U.S. Fuel office.

Sincerely,

Michael W. Baum
President

MEMORANDUM

UTAH DEPARTMENT OF TRANSPORTATION

DATE: September 8, 1993

TO: Dan Nelson
Region Director

FROM: L. Archie Hamilton
District Four Director

SUBJECT: Release of State Route 122

=====

During the past five year period, U.S. Fuel Company has been totally reclaiming the present Hiawatha Townsite along State Route 122. The reclamation effort is now complete, and they are requesting that the upper portion of State Route 122 be abandoned to them for their control and maintenance of security. This route does not serve any other public access beyond the Utah Railway location where they will gate the road.

Will you please submit this request to Clint Topham for the necessary action to abandon the upper Hiawatha portion of State Route 122. This request has concurrence from Carbon County Commissioner Bill Krompel.

If you have any questions, please contact me.
