WHEREAS, with the completion of various projects resulting in the re-construction of new roadway on new alignment and

WHEREAS, portions of the old alignment will no longer serve as roadways but nevertheless other sections will still serve as public roads, though not justified as part of the State Highway System and

WHEREAS, a physical inventory was made of all roadways concerned in this resolution and

WHEREAS, all county officials concerned were contacted and their letters of concurrence in our recommendations are forthcoming and

The status of the old abandoned roads on the subject projects have been reviewed and following is my recommendation:

1. F-001-8(2) The old road should remain as it is at the present time. It lies on right-of-way that we have by agreement from the railroad. In addition, the old road and bridge are intended to be used for a stock trail for crossing the Bear River.
2. 1-80-4(8)190 Three sections of the old road are no longer within the N/A lines, as itemized below, and are of no further use to us for roadway purposes. These three sections should revert to private ownership.

SUBJECT: Road Deletions

RECEIVED  
1965 JAN 26 AM 10

UTAH STATE  
DEPT. OF HIGHWAYS

We have listed the following projects that have been constructed in the last couple of years and sections of road that should be deleted from our system:

- S-0294(1) Dragerton (Culvert & Approaches)
- F-028-3(6) Woodside Northerly
- NR-29(1) 7 Miles W. of Orangeville (Joe's Valley)
- NS-338(1) Huntington Northerly - Mohrland Connection
- NR-24-2(1) Huntington North on SR-10

The NR-24-2(1) Huntington North Section has bypassed the location where the Huntington Reservoir is being constructed by the Bureau of Reclamation. A portion of this right-of-way has probably been acquired by the Bureau of Reclamation people.

UTAH STATE DEPARTMENT OF HIGHWAYS

DATE: October 28, 1968

TO : B. Dale Burningham  
Planning Statistics Supervisor

FROM : James L. Deaton *JLD*  
District Engineer

SUBJECT: Disposition of Highways resulting from reconstruction on  
new alignment

Pursuant to your memorandum dated October 22, 1968, it is the District Engineer's recommendation that the following highways on the old alignment be abandoned: Projects F-024-2(8), F-028-3(9), FLH-42(6), and S-0370(4).

For your further information, there is not enough of the old existing alignment remaining outside of the new Right-of-Way lines that would involve local concern, and accordingly, local authorities have not been consulted in this recommendation.
