DESCRIPTION OF RESOLUTION CHANGE

- | | |
|---------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (A). Road Construction - | Agreement for road construction on North Road, South Road and a Cross Road which become part of SR-284 at a later date. |
| (B). Inclusion - | To Weber State College peripheral road, (proposed roadway), from 41 st Street northerly to a connection with Harrison Boulevard at 37 th Street. |
| (C). Addition/Deletion - | Various sub sections on Weber State College Campus Grounds. |

RESOLUTION

State Route 284

SR-284
Weber
(ogden)
27-284

WHEREAS, it has been recommended by the Weber State College that State Route 284 be modified to include a proposed roadway from a connection with 41st Street northerly paralleling Harrison Boulevard (State Route 203) on the east side to a connection with Harrison Boulevard at 37th Street in Ogden as a part of the peripheral road at Weber State College, and

WHEREAS, Mr. W. E. Mickelson, District Engineer, concurs with this request as it is in keeping with the continuing development of a unified road system at the Weber State College, and

WHEREAS, the Utah State Department of Highways has programmed funds for this portion of a peripheral road at the Weber State College,

NOW THEREFORE, be it resolved as follows:

That State Route 284 be modified to include a proposed roadway from a connection with 41st Street northerly paralleling Harrison Boulevard (State Route 203) on the east side to a connection with Harrison Boulevard at 37th Street in Ogden as a part of the peripheral road at Weber State College and be designated as a part of State Route 284, Sub-section (e).

That by this action State Highway System mileage will increase 0.6 + - mile,

That the letter from Weber State College and the memorandum from Mr. W. E. Mickelson pertaining to this subject road be hereby incorporated as a part of this submission and

That the map illustrating the action taken herewith be hereby incorporated as a part of this submission.

Dated this 11th day of September, 1970.

Memorandum

UTAH STATE DEPARTMENT OF HIGHWAYS

DATE: August 19, 1970

TO : B. Dale Burningham
Planning Statistics Supervisor

FROM : W. E. Mickelson, District Engineer *WEM*
District One

SUBJECT: Addition to the Peripheral Road System
for Weber State College

RECEIVED
AUG 21 1970
DISTRICT ONE

Attached is a letter from Mr. Fred Johnson, Director of Campus Planning for Weber State College. He is requesting certain additions to the state road system within the campus area.

This office has been cooperating for several years with the officials of Weber State College to upgrade their existing roads that are on the state system and to develop a unified plan for additional roads, relocations, and deletion or transfers of other roads as they continue to experience a period of tremendous growth. Access from Harrison Boulevard has also been thoroughly studied since this is the major feeder to the campus.

The Highway Department has now programmed \$250,000 for a new section of peripheral road as shown in red on the attached map. We solicit your help now to place this proposed road on the state system. Other sections will be proposed, in the future, for addition, and some of the existing system will be deleted, however, this is the only appropriate action to be undertaken at this time.

I also discussed with Mr. Johnson the details to you, the necessity we feel to...
right-hand turn acceleration lane... from
the main entrance to Weber State College campus. At peak periods during
the day, because of the problem with left hand turns, traffic piles up in these
areas, making right or left exits from the campus virtually impossible.
and at best extremely time consuming.

WEBER STATE COLLEGE

OGDEN, UTAH--84403

WILLIAM P. MILLER — PRESIDENT

April 21, 1966

Utah State Road Commission
Mr. W. E. Mickelson
128 - 17th Street
Ogden, Utah

Attention: Mr. Howard Richardson

Dear Mr. Mickelson:

This letter is to confirm a discussion I had with Mr. Richardson, of your department, relative to the future development of Weber State College and the road system required to handle an anticipated 4,000 to 5,000 automobiles on this piece of State property.

I am enclosing a copy of a recently developed master plan which I have discussed with Mr. Richardson. On this plan I have outlined two legs of a proposed peripheral road system which I feel are crucial and should be completed as quickly as possible. However, before construction could begin all of the property would have to be acquired by Weber State College for the right-of-way to be granted.

In the meantime, however, Mr. Richardson informed me that it would be possible to have a survey crew at least stake out the center line of the proposed road and thereby determine the feasibility of same and arrive at a budget figure to which we could work and decide if it would be possible to schedule all or a portion of this work into your 1968 budget.

I also discussed with Mr. Richardson, and he could further explain the details to you, the necessity we feel to develop at least one, and possibly two, non-stop right hand turn acceleration lane onto Harrison Blvd. from the main entrance to Weber State College campus. At peak periods during the day, because of the problem with left hand turns, traffic piles up in these entrances, making right or left exits from the campus virtually impossible, and at best extremely time consuming.

April 21, 1966

We would appreciate any consideration you could give to us in the solution of these problems and I would be very happy to meet with you again to discuss any of these problems should it be necessary.

Please do not hesitate to inform me if I may be of further assistance or provide you with additional material to determine a solution to the above problems.

Sincerely yours,

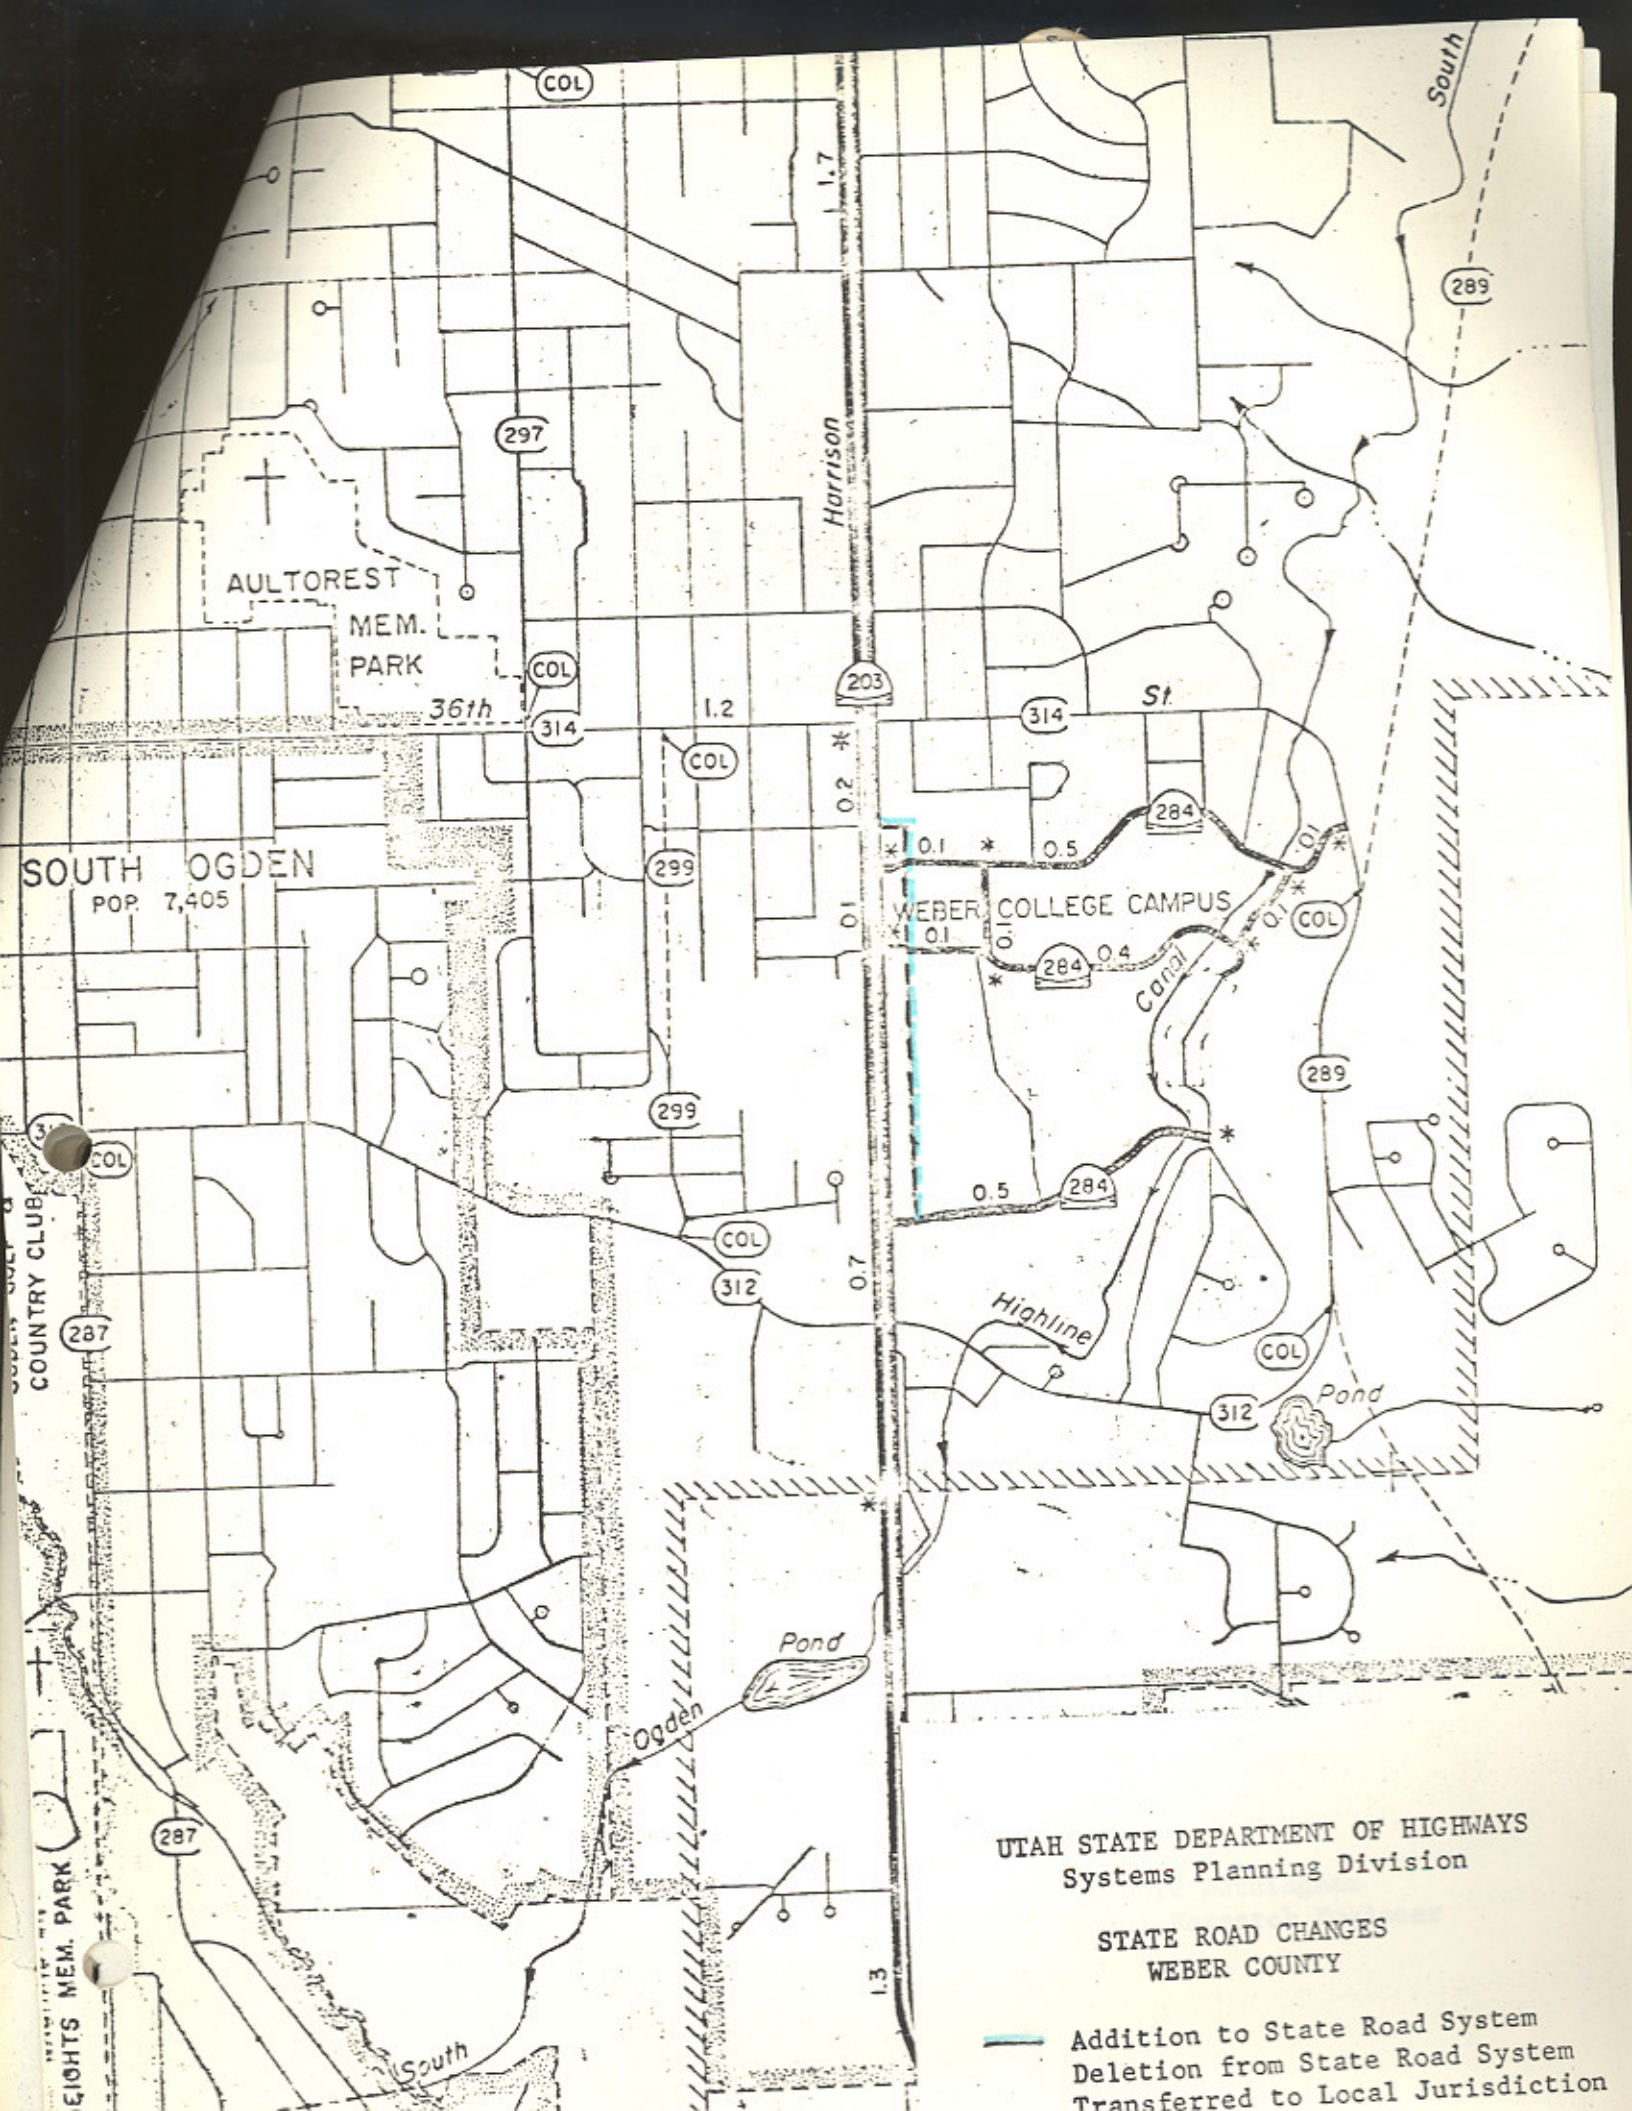

Fred M. Johnson, Director
Department of Campus Planning

~~The Honorable Bart Wolthuis~~
Mayor of Ogden
Municipal Building
Ogden, Utah 84401

Dear Mayor Wolthuis:

Subject: Transfer of a portion of the old alignment of State Route 39
and the addition of State Route 284 in Ogden City

On September 11, 1970, the Utah State Road Commission adopted a resolution to transfer portions of the old alignment of State Route 39 created by the construction of Project SU-0568(6) to the jurisdiction of Ogden City.

On this same date the Utah State Road Commission adopted a resolution to add to State Route 284 a proposed roadway from 41st Street northerly paralleling Harrison Boulevard (State Route 203) to a connection with Harrison Boulevard at 37th Street.

By this action Ogden City "C" mileage will increase 0.4 + - mile.

Attached is a copy of the resolutions and the location maps.

Very truly yours,

B. Dale Burningham
Chief Research Engineer

RESOLUTION

State Route 284

WHEREAS, building construction and other changes at the Weber State College necessitates modifying State Route 284 on the campus grounds, and

WHEREAS, Mr. W. E. Mickelson, District Engineer, Mr. H. H. Richardson, District Design Engineer and Mr. Robert Folsom, Weber State College Campus Planner, have coordinated the proposed route revisions toward the goal of developing a unified road system at the Weber State College.

NOW THEREFORE, be it resolved as follows:

That the portion of State Route 284, Sub-section 3, from State Route 203 east via Edvalson Street to the proposed north-south Peripheral Road be deleted,

That the portion of State Route 284, Sub-section 1, from the proposed north-south Peripheral Road east via 3850 South Street to the parking area near the College Stadium be deleted,

That State Route 284, Sub-section 2, from 3850 South Street north to Edvalson Street be deleted,

That a proposed connection from State Route 203 east via 40th South Street to the proposed north-south Peripheral Road be added to State Route 284 as Sub-section 2,

That as a result of the aforementioned revisions State Route 284 at the Weber State College Campus will be as follows:

Sub-section 1: From State Route 203 east via 3850 South Street to the north-south Peripheral Road.

Sub-section 2: From State Route 203 east via 40th South Street to the north-south Peripheral Road.

Sub-section 3: From the north-south Peripheral Road east via Edvalson Street to Skyline Drive.

Sub-section 4: From State Route 203 easterly via 41st South Street to Taylor Avenue.

SR-
284

Sub-section 5: From 41st South Street northerly paralleling State Route 203 on the east to State Route 203 at 37th South Street.

That by this action State Highway System mileage will decrease 0.6 + - miles,

That the memorandum from Mr. H. H. Richardson pertaining to the subject road be hereby incorporated as a part of this submission,

That the map illustrating the action taken herewith be hereby incorporated as a part of this submission,

Dated this 16th day of July, 1971.

Memorandum

UTAH STATE DEPARTMENT OF HIGHWAYS

DATE: June 15, 1971

TO : B. Dale Burningham, Chief Research Engineer

FROM : H. H. Richardson, District Design Engineer
District One

SUBJECT: Weber State College Peripheral Road NR-284

Building construction and other changes which have recently taken place within the campus of Weber State College has caused various changes in the peripheral road system.

Attached are two maps each showing the peripheral road system as it should now be displayed. You will note that some former sections have been deleted and others added that do not presently exist. These, however, will be constructed in the very near future under a contract administered by the highway department.

This plan has been fully coordinated with Mr. Robert Folsom, Weber State College campus planner. If you agree with the above designation, kindly make official notification to Mr. Folsom and furnish him one copy of the attached map for his record and files.

Also attached are descriptions of the various new sections.
