Duchesne

RESOLUTION

State Route 311 *ad 7*

WHEREAS, Section 63-11-20, Utah Code Annotated, 1953, as amended, relates that: "All roads connecting state parks with federal, state or county highways or city streets where the title thereto is in the state are parts of the state highway system and are to be maintained by the state. The state road commission is authorized to construct and maintain roads within state parks subject to approval of locations and design by the commission through its director", and

WHEREAS, it is the desire of the Utah State Road Commission and the Utah State Division of Parks and Recreation to define responsibility for the administration of roads at state parks, and

WHEREAS, it is agreed between the State Road Commission and the State Division of Parks and Recreation that certain roads meet the criteria set forth in Section 63-11-20, UCA, 1953, as amended, and

WHEREAS, those roads at state parks that are part of the State System of Highways should be identified by a number.

NOW THEREFORE, in accordance with Section 63-11-20, UCA, 1953, as amended, it is hereby resolved as follows:

That the proposed roadway from State Route 6 (US-40) northerly to the old alignment of State Route 6, thence continuing northerly via an existing roadway to the boat ramp at Starvation Lake State Park, a distance of 2.35 +/- miles, be identified as State Route 311,

That the letter from the Duchesne County Commission relating their concurrence in this action be hereby incorporated as a part of this submission,

That the maps attached illustrating the action taken herewith and the location of Starvation Lake State Park be hereby incorporated as a part of this submission.

Subject Roads at State Parks

Dear Chairman Murray:

The State Division of Parks and Recreation and the State Highway Department have discussed proposals for the construction and maintenance of roads at State Parks. At a number of Parks existing roads need to be maintained and in some cases new construction is needed. Two of the Parks discussed are situated in Duchesne County. The two State Divisions have agreed upon a course of action at Big Sand Wash State Park and at Starvation Reservoir State Park, and if the County concurs we will make recommendations to the State Road Commission and the Legislature for approval.

The Big Sand marina is presently served by a road running from County Collector Road 391 to the boat ramp. This old road crosses the Big Sand dam. State Park plans call for a new road from the ramp below the dam to CR-391 to be built at some future date. The new road would be a State responsibility. It has been proposed that the old road from CR-391 to the ramp be maintained by the State Highway Department until the new road is built. The old road would then be abandoned or returned to the County, or private parties, for maintenance.

The Starvation Reservoir Park is now being served by the old US-40 which was returned to Duchesne County upon completion of the new US-40. State Park plans call for future construction of a new road from US-40 to the recreation area. It will be several years, however, before funds will be available for construction of this new access road. In the meantime it is proposed that the State Highway Department resume maintenance of old US-40 from the recreation area to Duchesne. When the

Chairman Wilmer Murray
Page 2

new connection is built, old US-40 would again revert to the County or be abandoned.

Before we recommend the stated proposals to the Road Commission we would like to have a statement from the Duchesne County Commission indicating its agreement or disagreement with the proposals.

Very truly yours,

Blaine L. Roy, P.E.
State Highway Engineer

Blaine J. Kay, P. E.
State Highway Engineer
Utah State Office Building

Dear Mr. Kay:

At their meeting held June 6, 1972 the Commissioners reviewed your letter of May 19, 1972 and approved your proposal for the construction and maintenance of roads to the State Parks at Sand Wash and Starvation Reservoir, with the understanding that you will maintain the present roads until the new roads have been completed, whereupon determination will be made as to whether the old road will be turned to the county, or some individual, or abandoned.

We appreciate your plans to build these roads, as we feel it is a definite service to the many people who will avail themselves of these recreation facilities.

Sincerely yours,

Janes Cowan

Dear Mr. Tippetts:

Subject: State Park Roads 305, 306, 307, 308, 309, 310, 311 and 312
 in Utah

Effective July 28, 1972, the State Road Commission of Utah adopted resolutions to identify those roadways described in the attached resolutions as a part of the State System of Highways.

Attached are copies of the resolutions and location maps.

Very truly yours,

L. R. Jester, P.E.
 Chief, Systems Planning Div.
