

NARRATIVE

The purpose of this survey is to set the two southerly corners so the existing corral fence can be extended toward the rear corner. The northerly corners were set for the survey of Lot 269 in 1985. Control for the survey is from a traverse connecting the 6 exterior Section and Quarter corners of the subdivision.

LEGAL DESCRIPTION

All of Lot 268, Evergreen Park Subdivision, according to the official subdivision plat on file and of record with the Weber County Surveyor's Office.

MAY 14, 1998

LEGEND

- Property corner—set 5/8" rebar and yellow cap at two southerly corners.
- Power Pole (2)
