

**LEGEND**

- Property corner—set 5/8" rebar and yellow cap 7 places

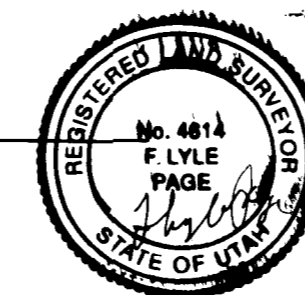

**NARRATIVE**

The purpose of this survey is to set the missing lot corners for the three lots and to show where an existing fence along the northeasterly border of lot 7 lies in relation to the actual lot line. The subdivision boundary corner at the southeasterly corner of Lot 8 (set during prior survey) was used as the point of beginning and the basis of bearing is the subdivision boundary north of said corner. Control for all lot surveys of Evergreen is from a control traverse through each of the exterior Section and Quarter corners along the subdivision boundary.

**LEGAL DESCRIPTION**

All of lots 6, 7 and 17, Evergreen Park Subdivision No. 1 according to the official plat thereof on file and of record with the Weber County Recorder's office.
