A part of the Northeast 1/4 of Section 29, T6N, R2W, SLB&M, U.S. Survey Weber County, Utah

2643.01' Calc'd (2643.30' W.C.S.)

The Northeast Corner of the Northeast 1/4 of Section 29, T6N, R2W, SLB&M, U.S. Survey (Not Found Positioned Using Information on Tie Sheet)

NARRATIVE

This Survey was requested by Mr. Landon Hadley for the purpose of preparing this property to be split into separate parcels.
Two Brass Cap Monuments were Found at the Southeast Southwest and Northwest corners, and a Witness corner was found referencing the Northeast corner of the Northeast Quarter of Section 29, T6N, R2W, SLB&M.
A line bearing S 89°11'53" E between the Southeast and Southwest corners of said Quarter Section was used as the Basis of Bearings.
The Northeast corner was positioned using the Weber County Surveyor's record distances from the Witness corner and the Southeast corner of the Quarter Section.
The Property to the South (Weber School District) is described as an aliquot part of the Northeast Quarter of the Northeast Quarter. This creates a deed gap between 4.8' and 5.2' with the South line of this parcel and the adjoining parcel to the West.
The distances from the Section line to the North compute to 660 feet or a perfect 1/8 of a mile. Taking this into account the South line of the property has been adjusted to coincide with the North line of the South half of the Northeast Quarter of the Northeast Quarter as called for in the adjoining deed for the Weber School District Property.
Property corners were monumented as depicted on this drawing
