**NARRATIVE**  
This survey was performed at the request of Sharon Skeen to determine the acreage and boundary of parcel 15-043-0057. The East boundary was determined by the call in the deed to the centerline of 2800 West (vacated 2003). The centerline of 2800 West was determined from using the recorded Dickmore subdivision centerline and extending it South. The North line was determined from establishing the centerline of section from current data section breakdown. This line closely matches a field crop line. The West boundary was established using the section breakdown of the Northeast quarter of the Southwest quarter of section 15. The Northwesterly parcels fall West of the Weber river and a trade for a portion of parcel 15-043-0060 that is on the East side of the river is proposed. The South boundary was determined from ties to the Weber River and the quarter section breakdown. The bearings used are from the current Weber County State Plane grid bearings between the Southwest corner and East quarter corner of section 16, Township 6 North, Range 2 West, Salt Lake base and Meridian.
