

# Buhrley South Fork Ranch Subdivision

A part of the West Half of Section 20,  
Township 6 North, Range 2 East, Salt Lake Base & Meridian, U.S. Survey  
Weber County, Utah  
November 2014

## Surveyor's Certificate

I, Bruce D. Pimper, a Professional Land Surveyor Licensed as per Title 58, Chapter 22, Professional Engineers and Professional Land Surveyor's Licensing Act, in the State of Utah, do hereby certify that this plat of Buhrley South Fork Ranch Subdivision in Weber County, Utah has been correctly drawn to the designated scale and is a true and correct representation of the following description of lands included in said subdivision, based on data compiled from records in the Weber County Records as the survey made on the ground per Title 17, Chapter 23, Section 17 of the Utah State Code. I further certify that the requirements of all applicable land use codes of Weber County concerning zoning requirements have been complied with.

Signed this 6<sup>th</sup> day of Feb, 2015

## Property Description

A part of the West Half of Section 20, Township 6 North, Range 2 East, Salt Lake Base and Meridian, U.S. Survey in Weber County, Utah:

Beginning at the West Quarter Corner of said Section 20; and running thence North 01°19'58" East 963.18 feet along the Section Line to the Center of the South Fork of the Ogden River; thence along the Center of said River the following sixteen courses: South 47°18'54" East 19.35 feet; South 55°21'10" East 82.91 feet; North 30°38'32" East 100.69 feet; South 89°23'32" East 39.28 feet; South 26°09'43" East 114.70 feet; North 2°27'26" West 60.31 feet; South 23°42'37" East 97.31 feet; South 55°04'12" East 42.38 feet; South 85°47'04" East 46.11 feet; North 55°10'05" East 25.80 feet; North 74°54'48" East 68.48 feet; North 42°03'31" East 100.17 feet; North 18°41'35" West 50.15 feet; North 3°52'12" West 46.43 feet; North 44°39'04" East 56.21 feet; and North 69°10'20" East 83.68 feet to the Southwest Corner of Lot 4 of Cottonwood Rivers Subdivision as it exists on the ground; thence North 55°26'51" East 59.38 feet along the Southerly Line of said Lot 4 to the Center of an existing road; thence along the Center of said existing road the following twelve courses: Southeastery along the arc of a 153.28 foot radius curve to the left a distance of 6.92 feet (Center bears North 49°04'35" East Central Angle equals 235°00' and Long Chord bears South 42°12'59" East 6.92 feet) to a point of tangency; South 43°30'32" East 27.84 feet to a point of curvature; Southeastery along the arc of a 205.18 foot radius curve to the left a distance of 85.59 feet (Central Angle equals 235°04'03" and Long Chord bears South 55°27'34" East 84.97 feet) to a point of reverse curvature; Southeastery along the arc of a 237.08 foot radius curve to the right a distance of 154.50 feet (Central Angle equals 37°20'15" and Long Chord bears South 48°44'28" East 151.78 feet) to a point of reverse curvature; Southeastery along the arc of a 186.16 foot radius curve to the left a distance of 150.20 feet (Central Angle equals 46°14'35" and Long Chord bears South 53°11'38" East 146.15 feet) to a point of tangency; South 76°18'56" East 96.45 feet to a point of curvature; Southeastery and Southerly along the arc of a 70.44 foot radius curve to the right a distance of 106.49 feet (Central Angle equals 86°37'10" and Long Chord bears South 33°02'11" East 96.63 feet) to a point of reverse curvature; South 10°18'14" West 185.16 feet to a point of curvature; Southeastery along the arc of a 672.40 foot radius curve to the right a distance of 147.09 feet (Central Angle equals 12°32'00" and Long Chord bears South 16°34'14" West 146.79 feet) to a point of tangency; South 22°50'14" West 250.77 feet; South 76°22'35" East 15.93 feet to a point of curvature; and Southeastery along the arc of a 733.11 foot radius curve to the right a distance of 333.43 feet (Central Angle equals 26°03'32" and Long Chord bears South 63°20'50" East 336.62 feet) to a point of reverse curvature; thence Southeastery and Easterly along the arc of a 50.00 foot radius curve to the left a distance of 42.53 feet (Central Angle equals 48°43'52" and Long Chord bears South 74°41'00" East 41.26 feet) to a point of reverse curvature; thence Easterly and Southeastery along the arc of a 415.00 foot radius curve to the right a distance of 379.73 feet (Central Angle equals 52°25'33" and Long Chord bears South 72°50'10" East 366.62 feet) to a point of reverse curvature; thence Southeastery, Easterly and Northeastery along the arc of a 155.00 foot radius curve to the left a distance of 148.72 feet (Central Angle equals 54°58'59" and Long Chord bears South 74°06'39" East 143.08 feet) to a point of tangency; thence North 78°24'06" East 63.03 feet; thence South 11°39'08" West 396.72 feet; thence North 86°59'23" West 1710.14 feet to the Section Line; thence North 0°20'31" West 451.76 feet along the Section Line to the point of beginning.

Contains 1,730,332 sq. ft. or 39,907 acres ±  
3 Lots

## Narrative

This Survey and Subdivision plat was requested by Ron Buhrley in order to create three (3) residential lots. A line between Weber County Monuments found at the Southwest Corner and the Southeast Corner of Section 20, T6N, R2E was assigned the Utah State Plane North Zone as per Weber County Surveyor bearing of S 89°20'22" E as the basis of bearings.

A monument was recovered South of the Northeast Corner of this Section along with witness corners for the North Quarter Corner but nothing for the Northwest Corner except a rebar with a "GBEN" Plastic Cap South of the calculated location.

The 2005-2008 Hansen & Associates, Inc. survey was reviewed but geometric ambiguities and lack of occupation made retracement difficult. A stone was found over 200 ft. Northerly from the County location for the West Quarter Corner - but was not accepted over the County pedigree monumentation for the true section lines.

The 1992 Cottonwood Rivers Subdivision was retraced and original Subdivision corners were recovered and honored since the geometry matches the 3"33" counter clock wise rotation onto the Weber County basis. The Northwest corner of Lot 3, and the Northwest corner of Lot 4 are monumented by rebars with Mountain West Plastic Caps - other subdivision evidence was recovered including a bent rebar at the Northeast corner of Lot 5, a rebar with "Reeve" Plastic Cap at a point of curvature along Cottonwood Lane and a rebar with "GBEN" Plastic Cap at the Point of beginning of the subdivision of the Northwest corner of Cottonwood Lane which all match the subdivision geometry.

## Owner's Dedication

We the undersigned owners of the herein described tract of land, do hereby set apart and subdivide the same into lots and Private Right-of-Way as shown hereon and name said tract Buhrley South Fork Ranch Subdivision, and do hereby Dedicate and reserve unto themselves, their heirs, their grantees and assigns, a right-of-way to be used in common with all others within said subdivision on, over and across all those portions or parts of said tract of land designated on said plat as Private Right-of-Way as access to the individual lots, to be maintained by a Lot Owners Association whose membership consists of said owners, their grantees, successors, or assigns, and Dedicates to the governing authority a sensitive lands easement as shown hereon which complies with Weber County Ordinance #43-2-2-1, wherein no structure, accessory structure, tool, or parking area shall be built within the required setback from a river or stream as measured from the high water mark of the river or stream. The areas within the setback shall be maintained in a manner that protects the quality of water in the river or stream and the habitat of native vegetation and wildlife along the river or stream.

Setbacks: 100' on each side of the South Fork of the Ogden River from their respective high water mark of the river.
