- NOTES:**
- The recording of this Amended plat in the office of the County Recorder acts as a statutory vacation of the original plat which is being modified by this plat amendment in accordance with UCA 10-9a-609 and/or UCA 17-27a-609. An ordinance vacating a portion of the existing right-of-way of Old Snowbasin Road has been approved by the local entity and it is anticipated that the ordinance will be recorded prior to the recording of this plat.
 - All bearings and distances noted are measured unless otherwise noted. If measured data is the same as record, no notation will be shown. If record differs from measurements they will be noted with an "r" after the value.
 - The Hesselgesser-Hatton Subdivision plat contains bearings and distances in parenthesis and some not. It is found that the ones in parenthesis are Weber County NAD83 State Plane grid which are the same as this plat. The other bearings are an old record bearing and are not shown on this plat.
 - The proposed center line shown hereon has not been approved as a road realignment by the county at this time, however, the easement begin provided hereon will accommodate this alignment should the county find it necessary to reconstruct the road for safety or land side purposes.
 - The location of the buildable area and the existing structures have been digitized from the original plat and aerial photography respectively.
 - Upper Valley Coordinate system is NAD1927 U.S.ft expanded to ground using a combined factor of 1.0002923772456. The initial coordinates are based on the published values of the Weber County Surveyor's Office.
 - Lot 2, Dutson Subdivision-1st Amendment is located within a potential Natural Hazards Area. The preparation of a geotechnical and geologic study has been waived due to the site being previously developed. Future development may require further geotechnical or geologic studies.

NARRATIVE

The purpose of the survey is to consolidate the ownership of the subdivider which is all of one subdivision, part of another, and a fan shaped piece of a vacated right-of-way. The fan portion of the right of way of snowbasin road is being vacated by an ordinance which is being approved by the local entity. Also, all of the vacated right of way would become the ownership of Roger Dutson because the lines are radial to the centerline of the curve and his subdivision plat is the only property that fronts on the outside of the 300 foot right of way. There is also an adjustment in the common line between the Dutson Subdivision and the Hesselgesser-Hatton Subdivision due to a purchase of a small tract of land.

The basis of bearing of bearing is as described in the boundary description. A survey was conducted of the existing subdivisions being affected and the monuments found in that work are noted hereon. There are two rebar that are not shown which were found and the land owner had believed that they were marking the boundary of the subdivision and the west neighbor. However, after surveying their location and comparing them with the record and other found subdivision lot corners they were found to be over 20 feet out of position. These points have not been accepted.

The center line of Old Snowbasin Road has been surveyed by the Weber County Surveyor's office and the location of that work has been retraced to establish the location of the road right of way.

Documents used or reviewed in this survey are, but not limited to, the following:

1. Deed Entry number 2823162
2. Dedication plats Book-page: 22-56, 38-062, 44-092.
3. Ownership plats Book-page: 20-035, 20-035-1, 20-035-2
4. Various monument tie sheets.

SURVEYOR'S CERTIFICATE

I, Ernest D. Rowley, do hereby certify that I am a professional land surveyor in the State of Utah and hold license no. 171781-2201 in accordance with Title 58, Chapter 22 known as the Professional Engineers and Professional Land Surveyor's Licensing Act, have made a survey of the property(s) shown hereon in accordance with UCA 17-23-17, verifying measurements, and placing monuments as represented. That this plat was prepared from the field notes of this survey and from documents and records as noted hereon. I further certify that, to the best of my knowledge and belief, all lots meet the current requirements of the Land Use Ordinance of Weber county.
